The Hawker Hurricane was a British single-seat fighter aircraft that was designed and predominantly built by Hawker Aircraft Ltd for the RAF. Although overshadowed by the Spitfire, during the Battle of Britain the Hurricane accounted for 60% of the RAF's air victories in the battle, and served in all the major theatres of the Second World War. The 1930s design evolved through several versions and adaptations, resulting in a series of aircraft that acted as interceptor-fighters, fighter-bombers (also called 'Hurribombers'), and ground support aircraft. Further versions known as the Sea Hurricane had modifications that enabled operation from ships. Some were converted as catapult-launched convoy escorts, known as 'Hurricats'. More than 14,583 Hurricanes were built by the end of 1944 (including at least 800 converted to Sea Hurricanes and some 1,400 built in Canada. The book collates a variety of pamphlets and manuals on the plane that were produced throughout the war for the benefit of pilots and others associated with the aircraft. In 2015, Michael Smith set out on a remarkable mission and became the first person to fly solo around the world in an amphibious plane. This is the often funny, occasionally terrifying and always inspiring

story of that trip, and how it came about. With limited flying experience, no support team and only basic instruments in his tiny flying boat, the Southern Sun, Michael risked his life to make modern aviation history. His adventures include an unexpected greeting by Special Branch on his arrival in the UK, a near-death experience while leaving Greenland, and a wondrous journey up the Mississippi. Showing a very Australian ingenuity and openness to experience, Michael worked his way around the globe. In seven months he made eighty stops in twenty-five countries, visiting many unusual places and, more often than not, encountering the kindness of strangers. ‘Great Aussie spirit in a good old-fashioned, seat-of-the-pants adventure’ —Dick Smith ‘The blue-sky dreaming of Walter Mitty, the resourcefulness of Phileas Fogg and – dare I say it? – the over-confidence and geniality of Mr Toad in a flying machine. Surely these literary figures were the inspiration for such an adventure. A marvellous exploit and wonderfully told.’ —A.J. Mackinnon, author *The Unlikely Voyage of Jack de Crow* Michael Smith was named Australian Geographic’s Adventurer of the Year in 2016. He is also one of Australia’s last independent metropolitan cinema operators, after he restored and re-opened the beloved Sun Theatre in Yarraville, Melbourne.
