Let's Pass Social Studies Apr 16 2020 With its pan-Caribbean approach, this text has been written to

help the student with the Common Entrance Examination. It is expected that students have followed the Social Studies syllabus from infant level to Standard Five level. Each unit gives a summary of the major points for each content area, together with exercises, generally in the form of a multiple-choice test. This exercise tests the overall knowledge of the topic which a student should have, not merely knowledge of the revision summary.

Progress accurately measures student progress in English, highlighting strengths and weaknesses to inform teaching. It is an online test package that can be used with adult and young adult courses. Scored on the Global Scale of English and empirically aligned to the CEFR to accurately measure small amounts of progress within a CEFR band. Each level of Progress contains three 50-minute-long tests to be taken at the beginning, in the middle and at the end of the academic year. The first one adapts each task to the level of the student, which makes Progress

fully personalised and cheating-resistant. For each of the 3 tests, students receive an overall score, a score for each of the 4 skills - reading, writing, speaking and listening - and scores for grammar and vocabulary. Progress is scored on the Global Scale of English, a scale from 10 to 90 that measures English language ability. The scale enhances the CEFR by showing a learner's level more precisely within a CEFR band. The Global Scale of English is currently used to score learners on the internationally recognised English Language Test, PTE Academic. The globally recognised standard is used by
