New York dancing master Hillgrove acknowledges that he has "availed himself of all the books from which he might elicit any valuable information." Indeed, very little of the manual is original. Divided into six parts, Hillgrove discusses the benefits of dance, dress, deportment and etiquette in the ballroom and the supper room. The second part focuses on bows and courtesies, positions of the feet, and provides exercises for the feet and legs. The third and fourth parts discuss the quadrille and provide many figures. The fifth part is devoted to round dances such as the waltz, polka, schottisch, galop, and polka mazurka. The last section focuses on more quadrille figures and other group dances such as the "Virginia Reel," "Money Musk," and College Hornpipe. Can you imagine how much more you would

A Practical Guide to Full-Time RV Living Motorhome & RV Retirement Startup Exactly six years ago my spouse Shirley and I have both retired from our previous careers, leaving us with quite a lot of extra time in a mostly empty house throughout the day. That's when we decided we wanted to travel. The only problem was we did not know what the best way was to get from point A to point B. Needless to say, we needed to find a way that was comfortable for the two of us, given our conditions; we did not want our sense of adventure to be limited by something as unimportant as physical pain, after all. That is when we spoke to our neighbors, old family friends who had just returned from an RV camping trip with another couple. The more we learned about traveling in an RV, the more my wife and I were convinced that was the solution to our conundrum. We had some savings, we had the time, and we had the ability to go wherever we wanted in the world with the safety aspect of carrying a piece of home with you. Thus we decided to start our new life in an RV on the road. We have been living the RV life for the last five years now, and I must admit that these five years are the best years of our life so far. I also must admit that not everything has been glorious and fun, yes, we have faced our fair share of problems and hiccups on various fronts, but looking back, they all were great learning experiences. However, RV living isn't just for retirees; it can be for anyone who wants to enjoy the freedom of living on the road although this doesn't mean that full-time RV living is for everyone. Whether you are

retiring soon and want some adventure, have been retired for a while and want a change of scene, or simply want to change your way of life to something simpler, living full-time out of an RV can be your answer. In this book, we are going to show you what is involved in RV living, how you can get started and what you need to do to live an affordable full-time life on the road while enjoying the wonderful sights.
