NTA JEE Main 101 Speed Tests (87 Chapter-wise + 12 Subject-wise + 2 Full) Dec 06 2021 The Smart & Innovative Book from Disha 'NTA JEE Main 101 Speed Tests' contains: 1. 87 Chapter-wise + 12 Subject-wise + 2 Full Syllabus Tests based on the NCERT & JEE Main Syllabus. 2. Carefully selected Questions (30 per Chapter /Subject & 90 per Full Test) that helps you assess & master the complete syllabus for JEE Main. 2. The book is divided into 3 parts: (a) 87 Chapter-wise Tests (29 in Physics, 30 in Chemistry & 28 in Mathematics); (b) 12 Subject-wise (4 each in Physics, Chemistry & Mathematics); (c) 2 Full Test of PCM. 3. Time Limit, Maximum Marks, Cutoff, Qualifying Score for each Test is provided. 4. These Tests will act as an Ultimate tool for Concept Checking & Speed Building. 5. Collection of 3210 MCQ's of all variety as per latest pattern & syllabus of NEET exam. This book, if completed with FULL HONESTY, will help you improve your score by 15-20%. A Must Have Book in the last 3-4 months of the exam and can be completed in 105 Hrs.

Chemical Abstracts Dec 26 2020

Science Achievement in Seventeen Countries Dec 14 2019 This preliminary report presents initial findings from the second International Study of Science Achievement that was conducted by the International Association for the Evaluation of Educational Achievement (IEA) in the period 1983 to 1986. Achievement results for three school population levels are presented together with some special analysis on growth in achievement between population levels and on sex differences in science achievement.

Oswaal ISC Sample Question Papers Class-11 Chemistry (For 2023 Exam) Jan 19 2023 This product covers the following: • 10 Sample Papers-5 Solved & 5 Self Assessment Papers strictly designed as per the latest CISCE Syllabus & Board Specimen paper • On-Tips Notes & Revision Notes 1000+ concepts for Quick Revision • Mind Maps & Mnemonics for better learning • MCQs & Objective Type Questions 200+MCQs for Practice

Oswaal NCERT Problems - Solutions (Textbook + Exemplar) Class 11 Chemistry Book (For 2023 Exam) Jul 13 2022 • Chapter wise & Topic wise presentation for ease of learning • Quick Review for in depth study • Mind maps for clarity of concepts • All MCQs with explanation against the correct option • Some important questions developed by 'Oswaal Panel' of experts • Previous Year's Questions Fully Solved • Complete Latest NCERT Textbook & Intext Questions Fully Solved • Quick Response (QR Codes) for Quick Revision on your Mobile Phones / Tablets • Expert Advice how to score more suggestion and ideas shared

Oswaal CBSE Chapterwise & Topicwise Question Bank Class 11 Chemistry Book (For 2023-24 Exam) Nov 17 2022 Description of the product: • 100% Updated with Latest Syllabus & Fully Solved Board Paper • Crisp Revision with Topic wise Revision Notes, Mind Maps & Mnemonics • Extensive Practice with 2000+ Questions & 2 Practice Papers • Concept Clarity with 1000+concepts, Smart Mind Maps & Mnemonics • Final Boost with 50+ concept videos • 100% Exam Readiness with Competency Based Questions

SAT Subject Test Chemistry Oct 04 2021 The updated edition of Barron's SAT Subject Test: Chemistry includes: A full-length diagnostic test with explained answers Four practice tests that reflect the actual SAT Subject Test Chemistry All questions answered and explained Detailed reviews covering all test topics Appendixes, which include the Periodic Table; important equation, constant, and data tables; and a glossary of chemistry terms Both teachers and test-taking students have praised earlier editions of this manual for its wealth of well-organized detail. Subject reviewed include the basics—matter, energy, scientific method, and measurements; atomic structure and the periodic table; bonding; chemical formulas; gases and laws; stoichiometry; liquids, solids, and phase changes; chemical reactions and thermochemistry; chemical reactions; chemical equilibrium; acids, bases, and salts; oxidation-reduction; carbon and organic chemistry; and the laboratory. **ONLINE PRACTICE TESTS:** Students who purchase this book or package will also get access to two additional full-length online SAT Chemistry subject tests with all questions answered and explained.

10 Full Syllabus Mock Tests for JEE (Advanced) Apr 17 2020 Knowledge is not sufficient when it comes to secure a seat in one of the IITs. The student must develop skills to translate knowledge into performance on the JEE (Advanced) examination day. We have observed that many talented students fail in JEE (Advanced) in spite of having talent, capability, and a strong will to succeed. Due to lack of confidence, poor examination temperament & time management, the insufficient practice of taking an exam in actual examination conditions. To overcome this, a student should do sufficient practice by taking similar tests several times before the FINAL exam so that student develops all requisite competitive skills to get success in the final examination. With this objective in mind, we are presenting this book before you containing full syllabus tests as per the latest pattern. These tests will give you an exact feel of the paper before the FINAL test. Salient features of the book are- Relevant & high-quality Test Papers prepared by highly experienced faculty members of Career Point to provide real exam like practice. Detailed solution of each test paper for self-evaluation to cross-check your question-solving approach and highlight your weak areas to improve. It familiarizes the student with the latest examination trends. Help students to plan the question paper attempt strategy to bring out the maximum output. Increases speed & accuracy and builds confidence to face the competitive examination. Develops sound examination temperament in students to face the competitive examination with a supreme state of confidence to ensure success. The students are advised to take these tests in the prescribed time limit by creating an exam like environment at home. Additionally, after taking the test, the student should properly analyze the solutions and must think of alternative methods & linkage to the solutions of identical problems. Also, find your weak areas for further improvement. We firmly believe that the book in this form will help a genuinely hardworking student. We have put our best efforts to make this book error-free. However, if you find errors that may have crept in, and we would appreciate it if brought to our notice. Additionally, we wish to utilize the opportunity to place on record our special thanks to all the members of the Content Development team for their efforts to create this excellent book.

The CLEP Chemistry Aug 14 2022 Start earning college credit the inexpensive way. An easier path to a college degree - get college credits without the classes. CLEP CHEMISTRY Based on today's official CLEP exam Are you prepared to excel on the CLEP? * Take the first practice test to discover what you know and what you should know * Set up a flexible study schedule by following our easy timeline * Use REA's advice to ready yourself for proper study and success Study what you need to know to pass the exam * The book's on-target subject review features coverage of all topics on the official CLEP exam, including Structure of Matter; States of Matter; Reaction Types; Equations and Stoichiometry; Equilibrium; Kinetics; Thermodynamics; Descriptive Chemistry; Experimental Chemistry * Smart and friendly lessons reinforce necessary skills * Key tutorials enhance specific abilities needed on the test * Targeted drills increase comprehension and help organize study Take Practice Tests * Create the closest experience to test-day conditions with 2 full-length practice tests * Chart your progress with full and detailed explanations of all answers * Boost your confidence with test-taking strategies and experienced advice REA is the acknowledged leader in CLEP preparation, with the most extensive library of CLEP titles and software available. Most titles are offered with REA's exclusive TestWare software to make your practice more effective and more like exam day. REA's CLEP test preps will help you earn valuable college credits, save on tuition, and advance your chosen career by earning a college degree. If you want an economical, fast track to college credit, then REA's CLEP series is for you!

O Level Chemistry Multiple Choice Questions and Answers (MCQs) Mar 17 2020 O Level Chemistry Multiple Choice Questions and Answers (MCQs): Quiz & Practice Tests with Answer Key PDF (O Level Chemistry Question Bank & Quick Study Guide) includes revision guide for problem solving with hundreds of solved MCQs. "O Level Chemistry MCQ" book with answers PDF covers basic concepts, analytical and practical assessment tests. "O Level Chemistry MCQ" PDF book helps to practice test questions from exam prep notes. O level chemistry quick study guide includes revision guide with verbal, quantitative, and analytical past papers, solved MCQs. O Level Chemistry Multiple Choice Questions and Answers (MCQs) PDF download, a book covers solved quiz questions and answers on chapters: Acids and bases, chemical bonding and structure, chemical formulae and equations, electricity and chemicals, elements, compounds, mixtures, energy from chemicals, experimental chemistry, methods of purification, particles of matter, redox reactions, salts and identification of ions and gases, speed of reaction, and structure of atom tests for school and college revision guide. O Level Chemistry Quiz Questions and Answers PDF download with free sample book covers beginner's solved questions, textbook's study notes to practice tests. Cambridge IGCSE GCSE Chemistry MCQs book includes high school question papers to review practice tests for exams. "O Level Chemistry Quiz" PDF book, a quick study guide with textbook chapters' tests for IGCSE/NEET/MCAT/GRE/GMAT/SAT/ACT competitive exam. "O Level Chemistry Question Bank" PDF covers problem solving exam tests from chemistry textbook and practical book's chapters as: Chapter 1: Acids and Bases MCQs Chapter 2: Chemical Bonding and Structure MCQs Chapter 3: Chemical Formulae and Equations MCQs Chapter 4: Electricity MCQs Chapter 5: Electricity and Chemicals MCQs Chapter 6: Elements, Compounds and Mixtures MCQs Chapter 7: Energy from Chemicals MCQs Chapter 8: Experimental Chemistry MCQs Chapter 9: Methods of Purification MCQs Chapter 10: Particles of Matter MCQs Chapter 11: Redox Reactions MCQs Chapter 12: Salts and Identification of Ions and Gases MCQs Chapter 13: Speed of Reaction MCQs Chapter 14: Structure of Atom MCQs Practice "Acids and Bases MCQ" PDF book with answers, test 1 to solve MCQ questions: Acid rain, acidity needs water, acidity or alkalinity, acids properties and reactions, amphoteric oxides, basic acidic neutral and amphoteric, chemical formulas, chemical reactions, chemistry reactions, college chemistry, mineral acids, general properties, neutralization, ordinary level chemistry, organic acid, pH scale, acid and alkali, properties, bases and reactions, strong and weak acids, and universal indicator. Practice "Chemical Bonding and Structure MCQ" PDF book with answers, test 2 to solve MCQ questions: Ions and ionic bonds, molecules and covalent bonds, evaporation, ionic and covalent substances, ionic compounds, crystal lattices, molecules and macromolecules, organic solvents, polarization, and transfer of electrons. Practice "Chemical Formulae and Equations MCQ" PDF book with answers, test 3 to solve MCQ questions: Chemical formulas, chemical equations, atomic mass, ionic equations, chemical reactions, chemical symbols, college chemistry, mixtures and compounds, molar mass, percent composition of elements, reactants, relative molecular mass, valency and chemical formula, and valency table. Practice "Electricity MCQ" PDF book with answers, test 4

to solve MCQ questions: Chemical to electrical energy, chemistry applications of electrolysis, reactions, conductors and non-conductors, dry cells, electrical devices, circuit symbols, electrolytes, non-electrolytes, organic solvents, polarization, and valence electrons. Practice "Electricity and Chemicals MCQ" PDF book with answers, test 5 to solve MCQ questions: Chemical to electrical energy, dry cells, electrolyte, non-electrolyte, and polarization. Practice "Elements, Compounds and Mixtures MCQ" PDF book with answers, test 6 to solve MCQ questions: Elements, compounds, mixtures, molecules, atoms, and symbols for elements. Practice "Energy from Chemicals MCQ" PDF book with answers, test 7 to solve MCQ questions: Chemistry reactions, endothermic reactions, exothermic reactions, making and breaking bonds, and save energy. Practice "Experimental Chemistry MCQ" PDF book with answers, test 8 to solve MCQ questions: Collection of gases, mass, volume, time, and temperature. Practice "Methods of Purification MCQ" PDF book with answers, test 9 to solve MCQ questions: Methods of purification, purification process, crystallization of microchips, decanting and centrifuging, dissolving, filtering and evaporating, distillation, evaporation, sublimation, paper chromatography, pure substances and mixtures, separating funnel, simple, and fractional distillation. Practice "Particles of Matter MCQ" PDF book with answers, test 10 to solve MCQ questions: Change of state, evaporation, kinetic particle theory, kinetic theory, and states of matter. Practice "Redox Reactions MCQ" PDF book with answers, test 11 to solve MCQ questions: Redox reactions, oxidation, reduction, and oxidation reduction reactions. Practice "Salts and Identification of Ions and Gases MCQ" PDF book with answers, test 12 to solve MCQ questions: Chemical equations, evaporation, insoluble salts, ionic precipitation, reactants, salts, hydrogen of acids, and soluble salts preparation. Practice "Speed of Reaction MCQ" PDF book with answers, test 13 to solve MCQ questions: Fast and slow reactions, catalysts, enzymes, chemical reaction, factor affecting, and measuring speed of reaction. Practice "Structure of Atom MCQ" PDF book with answers, test 14 to solve MCQ questions: Arrangement of particles in atom, atomic mass, isotopes, number of neutrons, periodic table, nucleon number, protons, neutrons, electrons, and valence electrons.

Hexagonal Chemistry Notebook Feb 20 2023 Hexagonal Graph Paper 8x10 Book 120 Pages Perfect for School

15 Mock Tests for NTA JEE Main 2022 with Optional Questions - 2nd Edition Mar 29 2021 As the pattern of JEE Main 2022 is changed by NTA, Disha launches its Updated book in Hindi '15 Mock Tests for NTA JEE Main 2022 with Optional Questions'. The book contains 15 Mock/ Practice Tests designed exactly as per the latest pattern of 90 Questions - 20 MCQs & 10 Numeric Answer Questions in each section. Out of 10 Numeric Answer Question only 5 are to be attempted. The book also provides Select Past JEE Advanced Numeric Answer Questions, suitable for JEE Main, with detailed Solutions. The book offers the BEST QUALITY Mock Tests with detailed solution to every question. Answer keys and 100% solutions are provided along with cut-off marks for each test.

Educart CBSE Term 1 CHEMISTRY Sample Papers Class 12 MCQ Book For Dec 2021 Exam (Based on 2nd Sep CBSE Sample Paper 2021) Jan 07 2022 Our CBSE Chemistry Term 1 Sample Paper MCQ Book includes 13 Sample Papers (Solved, Unsolved & Extra) for maximum Term 1 practice with MCQs that are based on the latest paper pattern. After 7 quality checks, these books make the most preferred final revision book for CBSE Class 12 Term 1 Boards.

IIT-JEE Main and Advanced Chemistry Jun 12 2022 The new edition of IIT-JEE (Main & Advanced) CHEMISTRY is designed to present a whole package of Chemistry study preparation, sufficing the requirements of the aspirants who are preparing for the upcoming exam. Highlights of the Book • Exam Pattern and Chemistry Syllabus for JEE Main and Advanced included • An Analysis of IIT JEE included • Chapter-wise Theory detailed with 1000+ examples • 5000+ Chapter-wise Multiple Choice Questions • 2500+ Chapter-wise Different Format Questions • Chapter-wise Assessment Test • Chapter-wise HOTS Problems • Appendix on Equations & Glossary • JEE-Main and Advanced Mock Test • NEET Mock Test • Answers to Questions included with Explanations • Presence of accurate Diagrams and Tables From food to pharmaceuticals, Chemistry plays a huge role in making informed decisions. Therefore, this book proves a comprehensive resource of Chemistry and serves to be a suitable Study Guide for the aspirants, with focus on Qualitative Preparation and Systematic understanding of the Syllabus and Examination Level. With provision for self-assessment in Mock Tests, this book stands beneficial in imprinting concepts in the mind.

Military Flight Aptitude Tests For Dummies Aug 22 2020 The easy way to score high on the military aptitude flight test The competition to become a military aviator is fierce. Candidates seeking entry into a military flight-training program must first score well on a complicated, service-specific flight aptitude test. Now, there's help! With practice exams and the most in-depth instruction on the market, Military Flight Aptitude Test For Dummies gives future pilots, navigators, and aviation officers everything they need to score high and begin a career in military aviation. Plain-English, in-depth instruction, and test-taking strategies for the various parts of each test Practice exams for each of the service-specific flight tests (AFOQT, SIFT, and ASTB) An overview of career options and paths to becoming an aviation officer Whether you're looking to pursue an aviation career in the Air Force, Army, Navy, Marine Corps, or the Coast Guard, Military Flight Aptitude Test For Dummies has you covered!

International Conference on Science Education 2012 Proceedings Jul 21 2020 This book contains papers presented at the International Conference on Science Education 2012, ICSE 2012, held in Nanjing University, Nanjing, China. It features the work of science education researchers from around the world addressing a common theme, Science Education: Policies and Social Responsibilities. The book covers a range of topics including international science education standards, public science education and science teacher education. It also examines how STEM education has dominated some countries' science education policy, ways brain research might provide new approaches for assessment, how some countries are developing their new national science education standards with research-based evidence and ways science teacher educators can learn from each other. Science education research is vital in the development of national science education policies, including science education standards, teacher professional development and public understanding of science. Featuring the work of an international group of science education researchers, this book offers many insightful ideas, experiences and strategies that will help readers better understand and address challenges in the field.

The Best Test Preparation for the College Board Achievement Test in Chemistry Aug 02 2021 Master the SAT II Chemistry Subject Test and score higher... Our test experts show you the right way to prepare for this important college exam. REA's SAT II Chemistry test prep covers all chemistry topics to appear on the actual exam including in-depth coverage of the laws of chemistry, properties of solids, gases and liquids, chemical reactions, and more. The book features 6 full-length practice SAT II Chemistry exams. Each practice exam question is fully explained to help you better understand the subject material. Use the book's Periodic Table of Elements for speedy look-up of the properties of each element. Follow up your study with REA's proven test-taking strategies, powerhouse drills and study schedule that get you ready for test day. DETAILS - Comprehensive review of every chemistry topic to appear on the SAT II subject test - Flexible study schedule tailored to your needs - Packed with proven test tips, strategies and advice to help you master the test - 6 full-length practice SAT II Chemistry Subject tests. Each test question is answered in complete detail with easy-to-follow, easy-to-grasp explanations. - The book's handy Periodic Table of Elements allows for quick answers on the elements appearing on the exam TABLE OF CONTENTS About Research and Education Association Independent Study Schedule CHAPTER 1 - ABOUT THE SAT II: CHEMISTRY SUBJECT TEST About This Book About The Test How To Use This Book Format of the SAT II: Chemistry Scoring the SAT II: Chemistry Score Conversion Table Studying for the SAT II: Chemistry Test Taking Tips CHAPTER 2 - COURSE REVIEW Gases Gas Laws Gas Mixtures and Other Physical Properties of Gases Dalton's Law of Partial Pressures Avogadro's Law (The Mole Concept) Avogadro's Hypothesis: Chemical Compounds and Formulas Mole Concept Molecular Weight and Formula Weight Equivalent Weight Chemical Composition Stoichiometry/Weight and Volume Calculations Balancing Chemical Equations Calculations Based on Chemical Equations Limiting-Reactant Calculations Solids Phase Diagram Phase Equilibrium Properties of Liquids Density Colligative Properties of Solutions Raoult's Law and Vapor Pressure Osmotic Pressure Solution Chemistry Concentration Units Equilibrium The Law of Mass Action Kinetics and Equilibrium Le Chatelier's Principle and Chemical Equilibrium Acid-Base Equilibria Definitions of Acids and Bases Ionization of Water, pH Dissociation of Weak Electrolytes Dissociation of Polyprotic Acids Buffers Hydrolysis Thermodynamics I Bond Energies Some Commonly Used Terms in Thermodynamics The First Law of Thermodynamics Enthalpy Hess's Law of Heat Summation Standard States Heat of Vaporization and Heat of Fusion Thermodynamics II Entropy The Second Law of Thermodynamics Standard Entropies and Free Energies Electrochemistry Oxidation and Reduction Electrolytic Cells Non-Standard-State Cell Potentials Atomic Theory Atomic Weight Types of Bonds Periodic Trends Electronegativity Quantum Chemistry Basic Electron Charges Components of Atomic Structure The Wave Mechanical Model Subshells and Electron Configuration Double and Triple Bonds Organic Chemistry:

Founded in 1959 with the purpose of disseminating the most recently developed scientific information to groups in industry, government, high schools, and universities, REA has since become a successful and highly respected publisher of study aids, test preps, handbooks, and reference works. REA's Test Preparation series includes study guides for all academic levels in almost all disciplines. Research & Education Association publishes test preps for students who have not yet completed high school, as well as high school students preparing to enter college. Students from countries around the world seeking to attend college in the United States will find the assistance they need in REA's publications. For college students seeking advanced degrees, REA publishes test preps for many major graduate school admission examinations in a wide variety of disciplines, including engineering, law, and medicine. Students at every level, in every field, with every ambition can find what they are looking for among REA's publications. While most test preparation books present practice tests that bear little resemblance to the actual exams, REA's series presents tests that accurately depict the official exams in both degree of difficulty and types of questions. REA's practice tests are always based upon the most recently administered exams, and include every type of question that can be expected on the actual exams. REA's publications and educational materials are highly regarded and continually receive an unprecedented amount of praise from professionals, instructors, librarians, parents, and students. Our authors are as diverse as the fields represented in the books we publish. They are well-known in their respective disciplines and serve on the faculties of prestigious high schools, colleges, and universities throughout the United States and Canada. CHAPTER 1 - ABOUT THE SAT II: CHEMISTRY SUBJECT TEST ABOUT THIS BOOK This book provides you with an accurate and complete representation of the SAT II: Chemistry Subject Test. Inside you will find a complete course review designed to provide you with the information and strategies needed to do well on the exam, as well as six practice tests based on the actual exam. The practice tests contain every type of question that you can expect to appear on the SAT II: Chemistry test. Following each test you will find an answer key with detailed explanations designed to help you master the test material. ABOUT THE TEST Who Takes the Test and What Is It Used For? Students planning to attend college take the SAT II: Chemistry Subject Test for one of two reasons: (1) Because it is an admission requirement of the college or university to which they are applying; "OR" (2) To demonstrate proficiency in Chemistry. The SAT II: Chemistry exam is designed for students who have taken one year of college preparatory chemistry. Who Administers The Test? The SAT II: Chemistry Subject Test is developed by the College Board and administered by Educational Testing Service (ETS). The test development process involves the assistance of educators throughout the country, and is designed and implemented to ensure that the content and difficulty level of the test are appropriate. When Should the SAT II: Chemistry be Taken? If you are applying to a college that requires Subject Test scores as part of the admissions process, you should take the SAT II: Chemistry Subject Test toward the end of your junior year or at the beginning of your senior year. If your scores are being used only for placement purposes, you may be able to take the test in the spring of your senior year. For more information, be sure to contact the colleges to which you are applying. When and Where is the Test Given? The SAT II: Chemistry Subject Test is administered five times a year at many locations throughout the country; mostly high schools. To receive information on upcoming administrations of the exam, consult the publication Taking the SAT II: Subject Tests, which may be obtained from your guidance counselor or by contacting: College Board SAT Program P.O. Box 6200 Princeton, NJ 08541-6200 Phone: (609) 771-7600 Website: <http://www.collegeboard.com> Is There a Registration Fee? Yes. There is a registration fee to take the SAT II: Chemistry. Consult the publication Taking the SAT II: Subject Tests for information on the fee structure. Financial assistance may be granted in certain situations. To find out if you qualify and to register for assistance, contact your academic advisor. HOW TO USE THIS BOOK What Do I Study First? Remember that the SAT II: Chemistry Subject Test is designed to test knowledge that has been acquired throughout your education. Therefore, the best way to prepare for the exam is to refresh yourself by thoroughly studying our review material and taking the sample tests provided in this book. They will familiarize you with the types of questions, directions, and format of the SAT II: Chemistry Subject Test. To begin your studies, read over the review and the suggestions for test-taking, take one of the practice tests to determine your area(s) of weakness, and then restudy the review material, focusing on your specific problem areas. The course review includes the information you need to know when taking the exam. Be sure to take the remaining practice tests to further test yourself and become familiar with the format of the SAT II: Chemistry Subject Test. When Should I Start Studying? It is never too early to start studying for the SAT II: Chemistry test. The earlier you begin, the more time you will have to sharpen your skills. Do not procrastinate! Cramming is not an effective way to study, since it does not allow you the time needed to learn the test material. The sooner you learn the format of the exam, the more comfortable you will be when you take the exam. FORMAT OF THE SAT II: CHEMISTRY The SAT II: Chemistry is a one-hour exam consisting of 85 multiple-choice questions. The first part of the exam consists of classification questions. This question type presents a list of statements or questions that you must match up with a group of choices lettered (A) through (E). Each choice may be used once, more than once, or not at all. The exam then shifts to relationship analysis questions which you will answer in a specially numbered section of your answer sheet. You will have to determine if each of two statements is true or false and if the second statement is a correct explanation of the first. The last section is composed strictly of multiple-choice questions with choices lettered (A) through (E). Material Tested The following chart summarizes the distribution of topics covered on the SAT II: Chemistry Subject Test. Topic / Percentage / Number of Questions Atomic & Molecular Structure / 25% / 21 questions States of Matter / 15% / 13 questions Reaction Types / 14% / 12 questions Stoichiometry / 12% / 10 questions Equilibrium & Reaction Times / 7% / 6 questions Thermodynamics / 6% / 5 questions Descriptive Chemistry / 13% / 11 questions Laboratory / 8% / 7 questions The questions on the SAT II: Chemistry are also grouped into three larger categories according to how they test your understanding of the subject material. Category / Definition / Approximate Percentage of Test 1) Factual Recall / Demonstrating a knowledge and understanding of important concepts and specific information / 20% 2) Application / Taking a specific principle and applying it to a practical situation / 45% 3) Integration / Inferring information and drawing conclusions from particular relationships / 35% STUDYING FOR THE SAT II: CHEMISTRY It is very important to choose the time and place for studying that works best for you. Some students may set aside a certain number of hours every morning to study, while others may choose to study at night before going to sleep. Other students may study during the day, while waiting on line, or even while eating lunch. Only you can determine when and where your study time will be most effective. Be consistent and use your time wisely. Work out a study routine and stick to it! When you take the practice tests, try to make your testing conditions as much like the actual test as possible. Turn your television and radio off, and sit down at a quiet desk or table free from distraction. Make sure to clock yourself with a timer. As you complete each practice test, score it and thoroughly review the explanations to the questions you answered incorrectly; however, do not review too much at any one time. Concentrate on one problem area at a time by reviewing the questions and explanations, and by studying our review until you are confident you completely understand the material. Keep track of your scores. By doing so, you will be able to gauge your progress and discover general weaknesses in particular sections. You should carefully study the reviews that cover your areas of difficulty, as this will build your skills in those areas. TEST TAKING TIPS Although you may be unfamiliar with standardized tests such as the SAT II: Chemistry Subject Test, there are many ways to acquaint yourself with this type of examination and help alleviate your test-taking anxieties. Become comfortable with the format of the exam. When you are practicing to take the SAT II: Chemistry Subject Test, simulate the conditions under which you will be taking the actual test. Stay calm and pace yourself. After simulating the test only a couple of times, you will boost your chances of doing well, and you will be able to sit down for the actual exam with much more confidence. Know the directions and format for each section of the test. Familiarizing yourself with the directions and format of the exam will not only save you time, but will also ensure that you are familiar enough with the SAT II: Chemistry Subject Test to avoid nervousness (and the mistakes caused by being nervous). Do your scratchwork in the margins of the test booklet. You will not be given scrap paper during the exam, and you may not perform scratchwork on your answer sheet. Space is provided in your test booklet to do any necessary work or draw diagrams. If you are unsure of an answer, guess. However, if you do guess - guess wisely. Use the process of elimination by going through each answer to a question and ruling out as many of the answer choices as possible. By eliminating three answer choices, you give yourself a fifty-fifty chance of answering correctly since there will only be two choices left from which to make your guess. Mark your answers in the appropriate spaces on the answer sheet. Fill in the oval that corresponds to your answer darkly, completely, and neatly. You can change your answer, but remember to completely erase your old answer. Any stray lines or unnecessary marks may cause the machine to score your answer incorrectly. When you have finished working on a section, you may want to go back and check to make sure your answers correspond to the correct questions. Marking one answer in the wrong space will throw off the rest of your test, whether it is graded by machine or by hand. You don't have to answer every question. You are not penalized if you do not answer every question. The only penalty results from answering a question incorrectly. Try to use the guessing strategy, but if you are truly stumped by a question, remember that you do not have to answer it. Work quickly and steadily. You have a limited amount of time to work on each section, so you need to work quickly and steadily. Avoid focusing on one problem for too long. Before the Test Make sure you know where your test center is well in advance of your test day so you do not get lost on the day of the test. On the night before the test, gather together the materials you will need the next day: - Your admission ticket - Two forms of identification (e.g., driver's license, student identification card, or current alien registration card) - Two No. 2 pencils with erasers - Directions to the test center - A watch (if you wish) but not one that makes noise, as it may disturb other test-takers On the day of the test, you should wake up early (after a good night's rest) and have breakfast. Dress comfortably, so that you are not distracted by being too hot or too cold while taking the test. Also, plan to arrive at the test center early. This will allow you to collect your thoughts and relax before the test, and will also spare you the stress of being late. If you arrive after the test begins, you will not be admitted to the test center and you will not receive a refund. During the Test When you arrive at the test center, try to find a seat where you feel most comfortable. Follow all the rules and instructions given by the test supervisor. If you do not, you risk being dismissed from the test and having your scores canceled. Once all the test materials are passed out, the test instructor will give you directions for filling out your answer sheet. Fill this sheet out carefully since this information will appear on your score report. After the Test When you have completed the SAT II: Chemistry Subject Test, you may hand in your test materials and leave. Then, go home and relax! When Will I Receive My Score Report and What Will It Look Like? You should receive your score report about five weeks after you take the test. This report will include your scores, percentile ranks, and interpretive information.
