“An intricate thriller that begins with a missing girl and ends up in unexpected territory” from the #1 New York Times bestselling author of *If You Tell* (RT Book Reviews, 4 stars). A schoolgirl found it on a nature hike. A severed human foot wearing pink nail polish. A gruesome but invaluable clue that leads forensic pathologist Birdy Waterman down a much darker trail—to a dangerous psychopath whose powers of persuasion seem to have no end. Only by teaming up with sheriff’s detective Kendall Stark can Birdy hope to even the odds in a deadly game. It’s a fateful decision the killer wants them to make. And it’s the only way Birdy and Kendall can find their way to a murderer who’s ready to kill again . . . Praise for Gregg Olsen’s Novels “Grabs you by the throat.”—Kay Hooper “An irresistible page-turner.”—Kevin O’Brien “Olsen writes rapid-fire page-turners.”—The Seattle Times “Frightening . . . a nail-biter.”—Suspense Magazine “A work of dark, gripping suspense.”—Anne Frasier “Truly a great read.”—Mystery Scene Magazine “Olsen writes rapid-fire page-turners.” —Seattle Times “Grabs you by the throat.” —Kay Hooper “The fifth Waterman and Stark thriller from the very talented Gregg Olsen . . . it’s truly a great read.” —Mystery Scene Magazine A complete guide to food, shelter, and self-preservation that makes starvation in the wilderness next to impossible. Living off the Country changes the risk of moving around in the outdoors into trouble-free times...offering take-along tips for finding free appetite fillers, thirst quenchers, weapons and warmth in all kinds of situations. In a clear and understandable way, Brad Angier provides a harvest of handy, helpful hints about the necessities of life...where to look for the natural-growing supply of edible, unusual, taste-tickling plants, bushes, and fruit; make-shift but sure-fire ways to catch fish; easy ways to utensil-less cooking; building and using first to the best advantages; constructing off-beat shelters handily; best ways to conserve and use available clothing; what to do about finding your way; backwoods medicine for emergencies...and much more to satisfy man’s need to stay alive in the woods. For any kind of timber trek, pack *Living Off the Country* with other survival gear. Nature Magazine advises “if you’re planning any wilderness adventure, you would do well to get acquainted with the valuable information in this book.” “*Out of the Woods* is a brave and beautiful book, electrifying on sex and nature, religion and love. No one is writing quite like this.”—Olivia Lang, author of *The Lonely City* In this highly original work of nature writing and memoir, a young man explores his shifting sexual identity and troubled family history against the backdrop of a sprawling urban forest in London. In the wake of a significant breakup, Luke Turner is visited by familiar demons, including depression and guilt surrounding his bisexual identity, experiences of sexual abuse, and confusion brought on by an intensely religious upbringing. With nowhere to turn, Turner seeks refuge in London’s Epping Forest, where unexpected, elusive threats seem to have replaced its former comforts. No stranger to compulsion, Turner finds himself repeatedly drawn to the woods, eager to uncover its secrets and investigate an old family rumor of illicit behavior that once happened there. Away from a society that still cannot cope with the complexities of masculinity and sexuality, Turner finally begins to find acceptance among the trees as he reconciles external expectations with his own way of being. A Midwestern high school is transported into the middle of an Alien forest. This is the story of what happens next. It’s been over one year since the students, teacher, and additional staff of Bay Point Preparatory High

School in suburban Milwaukee, Wisconsin were suddenly transported countless light years away to the middle of an ancient, primordial wilderness. Despite the chaos of their first year, the students have begun to build a life in this new world, a burgeoning society out of the ruins of their past. But mysterious forces are conspiring to bring it all crashing down... Written by James Tynion IV (Detective Comics, Memetic) and illustrated by Michael Dialynas (Teenage Mutant Ninja Turtles), *The Woods Yearbook Edition Book Two* collects issues #13-24 of the critically-acclaimed series Scott Snyder (Batman) calls a “dark, epic read.” *Wars in the Woods* examines the conflicts that have developed over the preservation of forests in America, and how government agencies and advocacy groups have influenced the management of forests and their resources for more than a century. Samuel Hays provides an astute analysis of manipulations of conservation law that have touched off a battle between what he terms “ecological forestry” and “commodity forestry.” Hays also reveals the pervading influence of the wood products industry, and the training of U.S. Forest Service to value tree species marketable as wood products, as the primary forces behind forestry policy since the Forest Management Act of 1897. *Wars in the Woods* gives a comprehensive account of the many grassroots and scientific organizations that have emerged since then to combat the lumber industry and other special interest groups and work to promote legislation to protect forests, parks, and wildlife habitats. It also offers a review of current forestry practices, citing the recent Federal easing of protections as a challenge to the progress made in the last third of the twentieth century. Hays describes an increased focus on ecological forestry in areas such as biodiversity, wildlife habitat, structural diversity, soil conservation, watershed management, native forests, and old growth. He provides a valuable framework for the critical assessment of forest management policies and the future study and protection of forest resources. A man with a mysterious past must find a missing teenage girl in this shocking thriller from the #1 New York Times bestselling author of *Run Away*. Thirty years ago, Wilde was found as a boy living feral in the woods, with no memory of his past. Now an adult, he still doesn't know where he comes from, and another child has gone missing. No one seems to take Naomi Pine's disappearance seriously, not even her father-with one exception. Hester Crimstein, a television criminal attorney, knows through her grandson that Naomi was relentlessly bullied at school. Hester asks Wilde-with whom she shares a tragic connection-to use his unique skills to help find Naomi. Wilde can't ignore an outcast in trouble, but in order to find Naomi he must venture back into the community where he has never fit in, a place where the powerful are protected even when they harbor secrets that could destroy the lives of millions . . . secrets that Wilde must uncover before it's too late. New York Times bestselling author Carrie Jones teams up with acclaimed cowriter Steven Wedel in the supernatural mystery, *In the Woods*... It should have been just another quiet night on the farm when Logan witnessed the attack, but it wasn't. Something is in the woods. Something unexplainable. Something deadly. Hundreds of miles away, Chrystal's plans for summer in Manhattan are abruptly upended when her dad reads tabloid coverage of some kind of grisly incident in Oklahoma. When they arrive to investigate, they find a witness: a surprisingly good-looking farm boy. As townsfolk start disappearing and the attacks get ever closer, Logan and Chrystal will have to find out the truth about whatever's hiding in the woods...before they become targets themselves. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. This book is more than an adventure story, more than a simple nature study; it portrays a cherished dream awakened into full life. Written with warmth, enthusiasm, and humor, it is a book to stir the imagination. In a forest filled with treacherous beasts, the thing to be most afraid of is closer than you think in this middle grade horror fantasy. Kestrel, a young huntress, lives in a seemingly endless forest crawling with dangerous beasts. But the most dangerous beasts of all are the Grabbers--beings that are born when you are and stalk you throughout your life, waiting for the perfect moment to snatch and eat you. No one has ever defeated their Grabber once attacked, and those that die from accidents or other creatures are considered "lucky." Kestrel has been tasked by her mother, a powerful and controlling spell-caster, to hunt down the Grabbers

in an effort to protect their village in the forest. Accompanied by Pippit, a hilariously bloodthirsty weasel, she hones her skills as she searches for a way out of the forest--and away from the judgmental villagers who despise her. But her own Grabber is creeping ever closer, and nothing in this forest is what it seems...including her mother's true motivations. "A supernatural wonder of a book. This Grimm-like fantasy is vividly detailed and will appeal to young and old readers alike." --School Library Journal (STARRED REVIEW) "Toalson intersperses Lenora's story with Richard's journal excerpts and an enigmatic, menacing character's first-person narrative, all of which lends context and dimension. The seamless blend of fantastical and realistic elements is particularly effective at exploring the multifaceted impact of tragedy and loss." --Booklist "Mysterious and beautifully rendered, R.L. Toalson's THE WOODS is a heartbreaking story of family, magic and grief that will touch readers' hearts." --Samantha M Clark, author of THE BOY, THE BOAT, AND THE BEAST After a tragic explosion causes Lenora to lose her family, she goes to live with her estranged uncle at his estate. There, Lenora is drawn to the nearby woods and the magic she discovers within them. Can this magic reunite her with her family, or is it more sinister than she realizes? Twelve-year-old Lenora's world is turned upside down after an explosion makes her the lone surviving member of her immediate family. She has nowhere to go, until her estranged Uncle Richard shows up and takes her away to live with him in his lonely mansion. Quiet and stern, he spends most of his time in his study conducting research and experimenting. Lenora is able to explore parts of the mansion and its lovely gardens, but Uncle Richard has one rule for her: Stay out of the woods. Years ago, Lenora's cousin, Bobby, went into Gilgevnah Woods and never came out. Now, Uncle Richard will do anything he can to destroy them. Lenora knows she is meant to stay away, but her grief and loneliness draw her in. Upon entering the woods, she finds a world full of enchantment and beauty. Lenora befriends Bela the Scrolaman, keeper of Gilgevnah Woods, who shows her the wonder and the mystery of the place, but also promises to reunite her with her family. Is it too good to be true? Will Lenora find peace in the magic of Gilgevnah Woods, or will she find something darker? The Woods is an entrancing magical realism novel from author R.L. Toalson that tackles profound loss, grief, and finally, acceptance. From the author of The Disaster Days comes a thrilling survival story, and lost in the woods children's book, about two former best friends who must work together to stay alive after getting lost in a remote national forest. Jocelyn and Alex have always been best friends...until they aren't. Jocelyn's not sure what happened, but she hopes the annual joint-family vacation in the isolated north woods will be the perfect spot to rekindle their friendship. But Alex still isn't herself when they get to the cabin. And Jocelyn reaches a breaking point during a rafting trip that goes horribly wrong. When the girls' tube tears it leaves them stranded and alone. And before they know it, the two are hopelessly lost. Wearing swimsuits and water shoes and with only the contents of their wet backpack, the girls face threats from the elements. And as they spend days and nights lost in the wilderness, they'll have to overcome their fractured friendship to make it out of the woods alive. Praise for The Disaster Days: "A realistic, engrossing survival story that's perfect for aspiring babysitters and fans of John Macfarlane's Stormstruck!, Sherry Shahan's Ice Island, or Wesley King's A World Below."—School Library Journal "The strength of this steadily paced novel that stretches over four days of a scary disaster scenario is that Hannah doesn't figure everything out; she stumbles, doubts, and struggles throughout it all."—The Bulletin of the Center for Children's Books "Fans of survival thrillers in the vein of Gary Paulsen's Hatchet will enjoy this tense, honest tale of bravery...an excellent (and refreshingly not didactic) teaching tool on natural-disaster preparedness."—Booklist "The relentless progression of a variety of disaster scenarios will keep readers turning pages...equally suspenseful and informative."—School Library Connection "Behrens uses immersive details and situations effectively viewed from Hannah's perspective to create a suspenseful, vivid story filled with lessons about responsibility and overcoming adversity."—Publishers Weekly Alone in the Woods is a perfect... gift for preteen survival story fans summer reading tween book for girls 11-14 book for middle school girls "Inspired by the author's grandfather's experiences living in a lodge in the woods, a story of how people and animals survive a forest fire in a small Canadian town"-- We all love stories. But why do we tell them? And why do all stories function in an eerily similar way? John Yorke, creator of the BBC Writers' Academy, has brought a vast array of drama to British screens. Here he takes us on a journey to the heart of storytelling, revealing that there truly is a unifying shape to narrative forms - one that echoes the fairytale journey into the woods and, like any great art, comes from deep within. From ancient

myths to big-budget blockbusters, he gets to the root of the stories that are all around us, every day. 'Fresh, enlightening, gripping.' Sunday Times 'The best book on the subject I've read. Quite brilliant.' Tony Jordan, creator/writer, Life on Mars, Hustle 'Brilliant.' Ken Follett 'Marvellous' Julian Fellowes 'Terrifyingly clever . . . Packed with intelligent argument.' Evening Standard 'Oh, how I wanted to hate it! I didn't. I loved it.' Jimmy McGovern, creator/writer Cracker, The Street 'The most important book about scriptwriting since William Goldman's Adventures in the Screen Trade.' Peter Bowker, writer, Blackpool, Occupation, Eric and Ernie DigiCat Publishing presents to you this special edition of "Secrets of the Woods" by William J. Long. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature. After solving the case of Truly Devious, Stevie Bell investigates her first mystery outside of Ellingham Academy in this spine-chilling and hilarious stand-alone mystery from New York Times bestselling author Maureen Johnson. Amateur sleuth Stevie Bell needs a good murder. After catching a killer at her high school, she's back at home for a normal (that means boring) summer. But then she gets a message from the owner of Sunny Pines, formerly known as Camp Wonder Falls—the site of the notorious unsolved case, the Box in the Woods Murders. Back in 1978, four camp counselors were killed in the woods outside of the town of Barlow Corners, their bodies left in a gruesome display. The new owner offers Stevie an invitation: Come to the camp and help him work on a true crime podcast about the case. Stevie agrees, as long as she can bring along her friends from Ellingham Academy. Nothing sounds better than a summer spent together, investigating old murders. But something evil still lurks in Barlow Corners. When Stevie opens the lid on this long-dormant case, she gets much more than she bargained for. The Box in the Woods will make room for more victims. This time, Stevie may not make it out alive. * Cosmopolitan Best YA Books of 2021 * People Magazine Best Books of Summer 2021* From the acclaimed author of In Praise of Paths comes a humorous and modest Walden for modern times. As nature becomes ever more precious, we all want to spend more time appreciating it. But time is often hard to come by. And how do we appreciate nature without disruption? In this sensitively-written book, Torbjørn Ekelund, an acclaimed Norwegian nature writer, shares a creative and non-intrusive method for immersing oneself in nature. And the result is nothing short of transformative. Evoking Henry David Thoreau and the four-season structure of Walden, Ekelund writes about communing with nature by repeating a small, simple ritual and engaging in quiet reflection. At the start of the book, he hatches a plan: to leave the city after work one day per month, camp near the same tiny pond in the forest, and return to work the next day. He keeps this up for a year. His ritual is far from rigorous and it is never perfect. One evening, he grows so cold in his tent that he hikes out before daybreak. But as Ekelund inevitably greets the same trees and boulders each month, he appreciates the banality of their sameness alongside their quiet beauty. He wonders how long they have stood silently in this place—and reflects on his own short existence among them. A Year in the Woods asks us to reconsider our relationship with the natural world. Are we anxious wanderers or mindful observers? Do we honor the seasons or let them pass us by? At once beautifully written, accessible, and engaging, A Year in the Woods is the perfect book for anyone who longs for a deeper connection with their environment, but is realistic about time and ambition. Pan, the Greek god of forests, shepherds and fertility, has long represented the pagan gods in general. With the advent of the Christian church communication with the pagan gods was very heavily suppressed by priests who have a vested interest in eliminating religious competition, by any means required, including, but not limited to lying, stealing, cheating, murder, mayhem, extortion, torture and blackmail. As a result, general public attention to the pagan gods disappeared about 2,000 years ago. PAN-God of the Woods assumes that the pagan gods may still be active, living beings. If any of the ancient gods are still around in the 21st century, what are they doing now? If they are here now -- still watching, still powerful, still immortal -- where or how might we contact them? If Pan is still around which of us mortals could not use the helping hand of a friendly god once in awhile? -- Lawrence R. Spencer Being afraid of the dark doesn't mean being afraid alone. When a boy can't find his favorite stuffed bunny, he bravely heads into the woods to look for it. Instead, he finds a big, scary brown bear! But the bear is just lonely, so the boy shares his night light and forges ahead with his new companion, until...they run into two frightening giants! As the boy continues on, he comes across other seemingly

menacing creatures, but finds that—like him—they're just looking for some comfort and security before bedtime. Simple text and classic European style meet a fresh, modern twist in this delightful picture book. This stunningly beautiful picture book from New York Times bestselling author-illustrator Eliza Wheeler is based on her grandmother's childhood and pays homage to a family's fortitude as they discover the meaning of home. Eliza Wheeler's gorgeously illustrated book tells the story of what happens when six-year-old Marvel, her seven siblings, and their mom must start all over again after their father has died. Deep in the woods of Wisconsin they find a tar-paper shack. It doesn't seem like much of a home, but they soon start seeing what it could be. During their first year it's a struggle to maintain the shack and make sure they have enough to eat. But each season also brings its own delights and blessings—and the children always find a way to have fun. Most importantly, the family finds immense joy in being together, surrounded by nature. And slowly, their little shack starts feeling like a true home—warm, bright, and filled up with love. God only knows what possessed Bill Bryson, a reluctant adventurer if ever there was one, to undertake a gruelling hike along the world's longest continuous footpath—The Appalachian Trail. The 2,000-plus-mile trail winds through 14 states, stretching along the east coast of the United States, from Georgia to Maine. It snakes through some of the wildest and most spectacular landscapes in North America, as well as through some of its most poverty-stricken and primitive backwoods areas. With his offbeat sensibility, his eye for the absurd, and his laugh-out-loud sense of humour, Bryson recounts his confrontations with nature at its most uncompromising over his five-month journey. An instant classic, riotously funny, *A Walk in the Woods* will add a whole new audience to the legions of Bill Bryson fans. A special 10th anniversary edition of this wonderful winter tale! Booksellers, librarians, parents and educators have treasured this award-winning, bestselling book since its first publication ten years ago. This wonderfully heartwarming winter story about forest animals' curiosity and confusion over a snowman that has magically appeared in their woods, has become a festive favourite year after year. When *Stranger in the Woods* appeared ten years ago it became a #1 New York Times bestseller and won several awards, including the Benjamin Franklin Award and the International Reading Association Award, and has since been published in seven languages. This beautiful 10th anniversary edition contains the original story in its entirety, and boasts a new lenticular cover - creating a lovely, visual delight! A variety of animals, birds, and insects enjoy the flowers and trees of the forest early one morning. A comprehensive, practical, and reliable guide to finding food in the woods and living off the land, by respected wilderness survivalists. With text by wilderness survivalists, the information in *How to Eat in the Woods* is tried, trusted, and true. One of the most complete books written on the subject, this portable guide includes essential information on how to track, trap, kill, and prepare various types of animals; select bait, land fish, and clean and cook the catch; recognize edible plants, fruits, berries, and nuts; locate bird eggs; catch edible insects; and find potable water. Also included is information on building a fire and preparing food without utensils. A boy relates the preparations for, and enjoyment of, his family's annual Thanksgiving in the Woods celebration on his grandparents' farm. Includes words to the Shaker hymn *Tis a Gift to be Simple* and notes about the real gathering on which the story is based. During her first year in a one-room school in the Kentucky hills, Bonnie has many exciting experiences, from getting her first book to playing an angel in a play. Offers a glimpse into the turbulent life of Texas music legend Blaze Foley (1949-1989). This book is suitable for Blaze Foley and Texas music fans, as well as romantics of different ages. Perfect for everyone from novices to boondockers, *How to Camp in the Woods* compiles contemporary and classic wisdom, practical tips, and illustrated DIY advice on every aspect of equipping, packing, setting up camp, cooking, and improvising no matter where you are in the great outdoors. If you want to immerse yourself or your family in the natural world but still be warm, dry, and comfortable, *How to Camp In the Woods* is for you. *How to Camp in the Woods* will teach readers: Camping and survival basics including fire building, essential knots, site finding, wilderness first aid/CPR, map/compass reading, and camping off the grid. Essential gear, packing light, recommendations for DIY if you've left something behind, and how to keep everything relatively clean. Guides to camping comfortably in all seasons and weather, as well as tips and etiquette for camping around the world, including with pets and kids. Tips for enhancing the experience, including recipes for easy and inexpensive meals from 25 base ingredients, stargazing essentials, fireside games and songs, bird-watching, and the perfect campfire reading list. They went off the grid. Their secrets didn't. For readers of

The Secret History and *The Immortalists* comes a novel about the allure—and dangers—of disconnecting. “A sharp, spellbinding cautionary tale, one that reminds us that even those who do remember the past might also wind up repeating it.”—NPR (Best Books of the Year) Certain that society is on the verge of economic and environmental collapse, five disillusioned twenty-somethings make a bold decision: They gather in upstate New York to transform an abandoned farm, once the site of a turn-of-the-century socialist commune, into an idyllic self-sustaining compound called the Homestead. Mack, a publicly disgraced grad-school dropout, believes it's her calling to write their story. She immediately falls in love with all four friends, seduced by their charisma and grand plans—and deeply attracted to their secrets. But it proves difficult for Mack to uncover the truth about their nightly disappearances and complicated loyalties, especially since she is protecting her own past. Initially exhilarated by restoring the rustic dwellings, planting a garden, and learning the secrets of fermentation, the group is soon divided by intense romantic and sexual relationships, jealousies, slights and suspicions. And as winter settles in, their experiment begins to feel not only misguided, but deeply isolating and dangerous. Caite Dolan-Leach spins a poignant and deeply human tale with sharp insights into our modern anxieties, our collective failures, and the timeless desire to withdraw from the world. Praise for *We Went to the Woods* “*We Went to the Woods* is a chillingly cautionary tale for the twenty-first century, an enthralling story of failed nobility and the consequences of trying to escape from a world that will never let you go. Caite Dolan-Leach's prose is both nimble and elegantly evocative, leading the reader through the idyllic pastures and deadly pitfalls of a rustic experiment gone wrong. As five hopeful idealists try to live off the land, the reader sees their friendships blossom, and yet we hardly dare look, knowing as the seasons turn that something even darker than winter is on its way.”—Christopher J. Yates, author of *Grist Mill Road* and *Black Chalk* Is her family in danger? When Allie moves to a quaint old cottage with her husband, it's their dream home. Nestled in the village of Pluckley, it seems a perfect haven in which to raise their two children. But Pluckley has a reputation. It's known as England's most haunted village. And not long after the birth of their new son, Allie begins to notice strange things... What's the flash of white she sees moving quickly through the woods to the back of their house? And what's the strange scratching noise coming from the chimney? As Allie discovers more about the history of their new home, she uncovers a story of witchcraft and superstition, which casts a long shadow into the present day. And not everything is as it seems. Her family might well be in danger, but it's a danger none of them could have foreseen... Here are the woods. The woods are home to three foxes on a hunt for rabbits. Three foxes that don't realize someone might be following them... From the author of *The Cave*, this is a fantastically funny cat-and-mouse (or fox-and-rabbit) story with a not-so-fluffy twist. The foxes follow some helpful signs over the tallest trees, under the carrot fields, and through the pumpkin patch, but there's no sign of any rabbits. What on earth has happened to them? And why are there strange eyes following them from the trees? Children will love outwitting the foxes—who continually say, “No rabbits here”—by spotting the rabbits in each colorful illustration. NOW A NETFLIX ORIGINAL SERIES! The bestselling author and creator of the hit Netflix drama *The Stranger* takes readers into the heart of family loyalty in this twisty page-turner that proves the darkest secrets are often closest to home. Paul Copeland, a New Jersey county prosecutor, is still grieving the loss of his sister from twenty years ago—the night she walked into the woods, never to be seen again. But now, a homicide victim is found with evidence linking him to the disappearance. The victim could be the boy who vanished along with Paul's sister. And, as hope rises that his sister could still be alive, dangerous secrets from his family's past threaten to tear apart everything Paul has been trying to hold together.... ONE OF BUSTLE'S MOST ANTICIPATED BOOKS OF SUMMER 2020 From the acclaimed author of *The Woman in the Dark*: a young teacher struggles to solve the mystery of her sister's death while battling hallucinations of her own. Two girls went down to the woods...But only one came back. There's a lot from Tess's childhood that she would rather forget. The family who moved next door and brought chaos to their quiet lives. The two girls who were murdered, their killer never found. But the only thing she can't remember is the one thing she wishes she could. Ten years ago, Tess's older sister died. Ruled a tragic accident, the only witness was Tess herself, but she has never been able to remember what happened that night in the woods. Now living in London, Tess has resolved to put the trauma behind her. But an emergency call from her father forces her back to the family home, back to where her sister's body was found, and to the memories she thought were

lost forever... New from bestselling author Stephanie Perkins, and the perfect companion to her New York Times bestseller *There's Someone Inside Your House*, available now on Netflix! "The scares here are authentic, and the details meticulous, driven by a smart, distinct narrative voice. Hand this to fans of the film *Midsommar* who will delight in the eerie world building, the disintegration and rebuilding of interpersonal relationships, and the unseen forces of evil that threaten to break two friends apart."

-Booklist Bears aren't the only predators in these woods. Best friends Neena and Josie spent high school as outsiders, but at least they had each other. Now, with college and a two-thousand-mile separation looming on the horizon, they have one last chance to be together—a three-day hike deep into the woods of the Pisgah National Forest. Simmering tensions lead to a detour off the trail and straight into a waking nightmare ... and then into something far worse. Something that will test them in horrifying ways.

Stephanie Perkins, the bestselling author of *There's Someone Inside Your House*, returns with a heart-stopping, gut-wrenching novel about friendship, survival, and navigating unmarked paths even as evil watches from the shadows. "On October 16, 2013, 437 students, 52 teachers, and 24 additional staff from Bay Point Preparatory High School in suburban Milwaukee, WI vanished without a trace. Countless light years away, far outside the bounds of the charted universe, 513 people find themselves in the middle of an ancient, primordial wilderness. Where are they? Why are they there? The answers will prove stranger than anyone could possibly imagine"-- In this, her eagerly awaited third novel, Glory Ralston takes us even deeper into the redwood forests of far-northern California. *Found in the Woods* is the fascinating and poignant story of how a series of up-close photographs of a wild black bear—seemingly impossible to capture—came to be. Recently and abruptly widowed, her nest empty, Susan Campton is at a loss as to what to do with her life. With Chance, her black Labrador, she wanders the woods near her home, absorbed in memories from her past, until suddenly one day a massive black bear charges across the trail in front of her. This heart-stopping moment, and the ensuing events and decisions, will change Susan's life in ways she never imagined possible. Ralston takes the reader on a journey into the core of timber company lands as Susan strives to gain a wild bear's trust and to capture his image on film. Meanwhile, the bear is leery and watchful. This is his territory, and he will be the one who determines the outcome of their encounter. Told with the same clarity and understanding of an area and a way of life that made Ralston's other novels so memorable, *Found in the Woods* is a gentle reminder that the earth does not belong only to its human inhabitants. It is a captivating tale of adventure, self-discovery, and love. It will open your mind and your

heart, and quite likely change how you see your world forever. About the Author: Glory Ralston lives with her family in a small, rural community in far northern California, with the Pacific Ocean on one side and what remains of the redwood forest on the other. The extraordinary beauty and challenging personal and environmental issues of this area form the backdrop for her stories. Other Works by This Author: *While the Music Played*, a novel *Some Things Are Obvious*, a nov *A National Geographic Best Book of the Year* National Bestseller Many people dream of escaping modern life. Most will never act on it—but in 1986, twenty-year-old Christopher Knight did just that when he left his home in Massachusetts, drove to Maine, and disappeared into the woods. He would not have a conversation with another person for the next twenty-seven years. Drawing on extensive interviews with Knight himself, journalist Michael Finkel shows how Knight lived in a tent in a secluded encampment, developing ingenious ways to store provisions and stave off frostbite during the winters. A former alarm technician, he stealthily broke into nearby cottages for food, books, and supplies, taking only what he needed but sowing unease in a community plagued by his mysterious burglaries. Since returning to the world, he has faced unique challenges—and compelled us to reexamine our assumptions about what makes a good life. By turns riveting and thought-provoking, *The Stranger in the Woods* gives us a deeply moving portrait of a man determined to live his own way. While helping the Portland County Sheriff's Search and Rescue to seek a missing autistic man, teens Alexis, Nick, and Ruby find, instead, a body and join forces to find the girl's murderer, forming an unlikely friendship, as well. Mark didn't ask to move to New Hampshire. Or to go to a hick school like Hardy Elementary. And he certainly didn't request Mr. Maxwell as his teacher. Mr. Maxwell doesn't like rich kids, or slackers, or know-it-alls. And he's decided that Mark is all of those things. Now the whole school is headed out for a week of camping -- Hardy's famous Week in the Woods. At first it sounds dumb, but then Mark begins to open up to life in the country, and he decides it might be okay to learn something new. It might even be fun. But things go all wrong for Mark. The Week in the Woods is not what anyone planned. Especially not Mr. Maxwell. With his uncanny knack to reach right to the heart of kids, Andrew Clements asks -- and answers -- questions about first impressions, fairness, loyalty, and courage -- and exactly what it takes to spend a Week in the Woods. The shifting balance of one's past, present, and future self is at the heart of this collection. Poems contemplate human darkness, femininity, grief, innocence, finding how they coexist and intersect while confronting their origins. Intimacy, memory, and navigating adulthood in the mythos of the South pull together nostalgia and seeks the affirmation of how to move forward after life-altering moments
