The New York Times Book of Science Sep 19 2022 Collects over 150 years of science articles from the New York Times, including stories on Einstein, the AIDS crisis, and the Curiosity rover.

The Borowitz Report May 15 2022 Prepare to be shocked. From the man The Wall Street Journal hailed as a "Swiftian satirist" comes the most shocking book ever written! The Borowitz Report: The Big Book of Shockers, by award-winning fake journalist Andy Borowitz, contains page after page of "news stories" too hot, too controversial, too -- yes, shocking -- for the mainstream press to handle. Sample the groundbreaking reporting from the news organization whose motto is "Give us thirty minutes -- we'll waste it."

New York Times: The Times of the Eighties Nov 09 2021 From our nation's best source of in-depth daily reporting comes this sweeping retrospective of the news, culture, and personalities of the decade of the 1980s, as told through hundreds of handselected articles and compelling original commentary in this unique and fascinating book. There is no better record of history than the archives of The New York Times. Now, more than 200 articles from the great decade of the 1980s are culled from these archives and carefully curated, by editor and Times writer William Grimes, to create one complete, compelling, historical and nostalgic collection. Organized by sections such as politics, business, science & health, sports, arts & entertainment, food, obituaries, and more, The Times of the Eighties covers the biggest stories that shaped the 1980s. Articles include coverage of historic events like Wall Street's "Black Monday," the Iran-Contra scandal, Tiananmen Square, the Challenger disaster, the Human Genome Project, the collapse of communism, and the introduction of the personal computer by IBM; cultural highlights like the launch of MTV, Ted Turner's establishment of CNN, the Cabbage Patch doll craze, reviews of movies like E.T., Terminator, Raging Bull, and Tootsie, and features on musicians like Michael Jackson, Joan Jett, U2, Wham, Blondie, and more; plus pieces on personalities like Mikhail Gorbachev, Princess Diana, Ronald Reagan, Margaret Thatcher, Pete Rose, Bill Cosby, and more. The stories are penned by well-known Times writers like William Safire, Frank Rich, Anna Quindlen, Serge Schmemmann, Russell Baker, Nan C. Robertson, Thomas L. Friedman, Linda Greenhouse, Bill Keller, Clyde Haberman, Paul Goldberger, Francis X. Clines, John Noble Wilford, Nicholas Kristof, Fox Butterfield, John Rockwell, Anthony Lewis, and many more. Grimes guides readers through the articles he's selected with commentary that puts the stories into historical context and explores the impact that these events and individuals eventually had on the future. Hundreds of color photographs from the Times and other sources illuminate the stories throughout.

A Queer New York Nov 28 2020 Winner, 2021 Glenda Laws Award given by the American Association of Geographers The first lesbian and queer historical geography of New York City Over the past few decades, rapid gentrification in New York City has led to the disappearance of many lesbian and queer spaces, displacing some of the most marginalized members of the LGBTQ+ community. In A Queer New York, Jen Jack Gieseeking highlights the historic significance of these spaces, mapping the political, economic, and geographic dispossession of an important, thriving community that once called certain New York neighborhoods home. Focusing on well-known neighborhoods like Greenwich Village, Park Slope, Bedford-Stuyvesant, and Crown Heights, Gieseeking shows how lesbian and queer neighborhoods have folded under the capitalist influence of white, wealthy gentrifiers who have ultimately failed to make room for them. Nevertheless, they highlight the ways

lesbian and queer communities have succeeded in carving out spaces—and lives—in a city that has consistently pushed its most vulnerable citizens away. Beautifully written, *A Queer New York* is an eye-opening account of how lesbians and queers have survived in the face of twenty-first century gentrification and urban development. [Humans of New York: Stories](#) Dec 18 2019 The #1 New York Times Bestseller! With over 500 vibrant, full-color photos, *Humans of New York: Stories* is an insightful and inspiring collection of portraits of the lives of New Yorkers. *Humans of New York: Stories* is the culmination of five years of innovative storytelling on the streets of New York City. During this time, photographer Brandon Stanton stopped, photographed, and interviewed more than ten thousand strangers, eventually sharing their stories on his blog, *Humans of New York*. In *Humans of New York: Stories*, the interviews accompanying the photographs go deeper, exhibiting the intimate storytelling that the blog has become famous for today. Ranging from whimsical to heartbreaking, these stories have attracted a global following of more than 30 million people across several social media platforms.

The New York Times Complete World War II Mar 21 2020 Experience the history, politics, and tragedy of World War II as you've never seen it before with original, often firsthand daily reportage of *The New York Times*, our country's newspaper of record. The Times' complete coverage of World War II is now available for the first time in this unique package. Hundreds of the most riveting articles from the archives of the Times including firsthand accounts of major events and little-known anecdotes have been selected for inclusion in *The New York Times: The Complete World War II*. The book covers the biggest battles of the war, from the Battle of the Bulge to the Battle of Iwo Jima, as well as moving stories from the home front and profiles of noted leaders and heroes such as Winston Churchill and George Patton. A respected World War II historian and writer, editor Richard Overy guides readers through the articles, putting the events into historical context. The enclosed DVD-ROM gives access to more day-by-day coverage of World War II in *The New York Times* -- from the invasion of Poland to V-J day with access to over 98,000 articles. Beautifully designed and illustrated with hundreds of maps and historical photographs, it's the perfect gift for any war, politics, or history buff.

Names of New York Apr 21 2020 "A casually wondrous experience; it made me feel like the city was unfolding beneath my feet." —Jia Tolentino, author of *Trick Mirror* In place-names lie stories. That's the truth that animates this fascinating journey through the names of New York City's streets and parks, boroughs and bridges, playgrounds and neighborhoods. Exploring the power of naming to shape experience and our sense of place, Joshua Jelly-Schapiro traces the ways in which native Lenape, Dutch settlers, British invaders, and successive waves of immigrants have left their marks on the city's map. He excavates the roots of many names, from Brooklyn to Harlem, that have gained iconic meaning worldwide. He interviews the last living speakers of Lenape, visits the harbor's forgotten islands, lingers on street corners named for ballplayers and saints, and meets linguists who study the estimated eight hundred languages now spoken in New York. As recent arrivals continue to find new ways to make New York's neighborhoods their own, the names that stick to the city's streets function not only as portals to explore the past but also as a means to reimagine what is possible now.

The Colossus of New York Oct 28 2020 In a dazzlingly original work of nonfiction, the two time Pulitzer-Prize winning author of *The Underground Railroad* and *The Nickel Boys* recreates the exuberance, the chaos, the promise, and the heartbreak of New York. Here is a literary love song that will entrance anyone who has lived in—or spent time—in the greatest of American cities. A masterful evocation of the city that never sleeps, *The Colossus of New York* captures the city's inner and outer landscapes in a series of vignettes, meditations, and personal memories. Colson Whitehead conveys with almost uncanny immediacy the feelings and thoughts of longtime residents and of newcomers who dream of making it their home; of those who have conquered its challenges; and of those who struggle against its cruelties. Whitehead's style is as multilayered and multifarious as New York itself: Switching from third person, to first person, to second person, he weaves individual voices into a jazzy musical composition that perfectly reflects the way we experience the city. There is a funny, knowing riff on what it feels like to arrive in New York for the first time; a lyrical meditation on how the city is transformed by an unexpected rain shower; and a wry look at the ferocious battle that is commuting. The plaintive notes of the lonely and dispossessed resound in one passage, while another captures those magical moments when the city seems to be talking directly to you, inviting you to become one with its rhythms. *The Colossus of New York* is a remarkable portrait of life in the big city. Ambitious in scope, gemlike in its details, it is at once an unparalleled tribute to New York and the ideal introduction to one of the most exciting writers working today. Look for Colson Whitehead's bestselling new novel, *Harlem Shuffle*!

The New York Times Book of Mathematics Oct 08 2021 Presents a selection from the archives of the New York newspaper of its writings on mathematics from 1892 to 2010, covering such topics as chaos theory, statistics, cryptography, and computers.

Activist New York Dec 30 2020 *Activist New York* surveys New York City's long history of social activism from the

1650's to the 2010's. Bringing these passionate histories alive, *Activist New York* is a visual exploration of these movements, serving as a companion book to the highly-praised Museum of the City of New York exhibition of the same name. New York's primacy as a metropolis of commerce, finance, industry, media, and ethnic diversity has given it a unique and powerfully influential role in the history of American and global activism. Steven H. Jaffe explores how New York's evolving identities as an incubator and battleground for activists have made it a "machine for change." In responding to the city as a site of slavery, immigrant entry, labor conflicts, and wealth disparity, New Yorkers have repeatedly challenged the status quo. *Activist New York* brings to life the characters who make up these vibrant histories, including David Ruggles, an African American shopkeeper who helped enslaved fugitives on the city's Underground Railroad during the 1830s; Clara Lemlich, a Ukrainian Jewish immigrant who helped spark the 1909 "Uprising of 20,000" that forever changed labor relations in the city's booming garment industry; and Craig Rodwell, Karla Jay, and others who forged a Gay Liberation movement both before and after the Stonewall Riot of June 1969. Permanent exhibition: Puffin Foundation Gallery, Museum of the City of New York, USA.

The New York Times Book Review Nov 21 2022 A "delightful" (Vanity Fair) collection from the longest-running, most influential book review in America, featuring its best, funniest, strangest, and most memorable coverage over the past 125 years. Since its first issue on October 10, 1896, *The New York Times Book Review* has brought the world of ideas to the reading public. It is the publication where authors have been made, and where readers first encountered the classics that have enriched their lives. Now the editors have curated the Book Review's dynamic 125-year history, which is essentially the story of modern American letters. Brimming with remarkable reportage and photography, this beautiful book collects interesting reviews, never-before-heard anecdotes about famous writers, and spicy letter exchanges. Here are the first takes on novels we now consider masterpieces, including a long-forgotten pan of *Anne of Green Gables* and a rave of *Mrs. Dalloway*, along with reviews and essays by Langston Hughes, Eudora Welty, James Baldwin, Nora Ephron, and more. With scores of stunning vintage photographs, many of them sourced from the Times's own archive, readers will discover how literary tastes have shifted through the years—and how the Book Review's coverage has shaped so much of what we read today.

A History of New York in 27 Buildings Jun 16 2022 From the urban affairs correspondent of the *New York Times*--the story of a city through twenty-seven structures that define it. As New York is poised to celebrate its four hundredth anniversary, *New York Times* correspondent Sam Roberts tells the story of the city through bricks, glass, wood, and mortar, revealing why and how it evolved into the nation's biggest and most influential. From the seven hundred thousand or so buildings in New York, Roberts selects twenty-seven that, in the past four centuries, have been the most emblematic of the city's economic, social, and political evolution. He describes not only the buildings and how they came to be, but also their enduring impact on the city and its people and how the consequences of the construction often reverberated around the world. A few structures, such as the Empire State Building, are architectural icons, but Roberts goes beyond the familiar with intriguing stories of the personalities and exploits behind the unrivaled skyscraper's construction. Some stretch the definition of buildings, to include the city's oldest bridge and the landmark Coney Island Boardwalk. Others offer surprises: where the United Nations General Assembly first met; a hidden hub of global internet traffic; a nondescript factory that produced billions of dollars of currency in the poorest neighborhood in the country; and the buildings that triggered the Depression and launched the New Deal. With his deep knowledge of the city and penchant for fascinating facts, Roberts brings to light the brilliant architecture, remarkable history, and bright future of the greatest city in the world.

[The New York Times: 36 Hours, 125 Weekends in Europe](#) Apr 02 2021

The New York Times Book of Language and Linguistics Mar 13 2022 The best journalism on language and linguistics from the Tuesday section of "The New York Times."

[The Essential New York Times Cookbook: The Recipes of Record \(10th Anniversary Edition\)](#) Aug 18 2022 The James Beard Award-winning and *New York Times* best-selling compendium of the paper's best recipes, revised and updated. Ten years after the phenomenal success of her once-in-a-generation cookbook, former *New York Times* food editor Amanda Hesser returns with an updated edition for a new wave of home cooks. She has added 120 new but instantly iconic dishes to her mother lode of more than a thousand recipes, including Samin Nosrat's Sabzi Polo (Herbed Rice with Tahdig), Todd Richards's Fried Catfish with Hot Sauce, and J. Kenji López-Alt's Cheesy Hasselback Potato Gratin. Devoted *Times* subscribers as well as newcomers to the paper's culinary trove will also find scores of timeless gems such as Purple Plum Torte, David Eyre's Pancake, Pamela Sherrid's Summer Pasta, and classics ranging from 1940s Caesar Salad to modern No-Knead Bread. Hesser has tested and adapted each of the recipes, and she highlights her go-to favorites with wit and warmth. As *Saveur* declared,

this is a “tremendously appealing collection of recipes that tells the story of American cooking.”

[The New York Times Heritage Cook Book](#) Jul 17 2022 Contains 2,100 heirloom recipes from all over the United States, an index, and adaptations for modern kitchens.

[American Mirror: The Life and Art of Norman Rockwell](#) Dec 22 2022 "The long-awaited biography of the defining illustrator of the twentieth century by a celebrated art critic"--

New York Recentered Aug 26 2020 The history of New York City's urban development often centers on titanic municipal figures like Robert Moses and on prominent inner Manhattan sites like Central Park. New York Recentered boldly shifts the focus to the city's geographic edges—the coastlines and waterways—and to the small-time unelected locals who quietly shaped the modern city. Kara Murphy Schlichting details how the vernacular planning done by small businessmen and real estate operators, performed independently of large scale governmental efforts, refigured marginal locales like Flushing Meadows and the shores of Long Island Sound and the East River in the late nineteenth and early twentieth centuries. The result is a synthesis of planning history, environmental history, and urban history that recasts the story of New York as we know it.

New York 2140 Apr 14 2022 New York Times bestselling author Kim Stanley Robinson returns with a bold and brilliant vision of New York City in the next century. As the sea levels rose, every street became a canal. Every skyscraper an island. For the residents of one apartment building in Madison Square, however, New York in the year 2140 is far from a drowned city. There is the market trader, who finds opportunities where others find trouble. There is the detective, whose work will never disappear -- along with the lawyers, of course. There is the internet star, beloved by millions for her airship adventures, and the building's manager, quietly respected for his attention to detail. Then there are two boys who don't live there, but have no other home -- and who are more important to its future than anyone might imagine. Lastly there are the coders, temporary residents on the roof, whose disappearance triggers a sequence of events that threatens the existence of all -- and even the long-hidden foundations on which the city rests.

The New York Times Guide to Essential Knowledge Dec 10 2021 A COMPLETE REVISION AND THOROUGH UPDATING OF THE ULTIMATE REFERENCE FROM THE NEWSPAPER OF RECORD. A comprehensive guide offering insight and clarity on a broad range of even more essential subjects. The New York Times Book of Physics and Astronomy Jan 23 2023 A treasury of 125 archival articles covers more than a century of scientific breakthroughs, setbacks and mysteries and includes pieces by Pulitzer Prize-winning writers, includes Malcolm W. Browne on antimatter, James Glanz on string theory and George Johnson on quantum physics.

The Witches of New York May 23 2020 A BuzzFeed Best Gift Book of the Year “A dark, atmospheric, and feminist story of three women in New York City's Gilded Age, each determined to thrive in a society hell-bent on keeping them down, and using their coven to do so.” —Buzzfeed INTERNATIONAL BESTSELLER Respectable Lady Seeks Dependable Shop Girl. Those averse to magic need not apply. New York in the spring of 1880 is a place alive with wonder and curiosity. Determined to learn the truth about the world, its residents enthusiastically engage in both scientific experimentation and spiritualist pursuits. Séances are the entertainment of choice in exclusive social circles, and many enterprising women—some possessed of true intuitive powers, and some gifted

with the art of performance—find work as mediums. Enter Adelaide Thom and Eleanor St. Clair. At their humble teashop, Tea and Sympathy, they provide a place for whispered confessions, secret cures, and spiritual assignations for a select society of ladies, who speak the right words and ask the right questions. But the profile of Tea and Sympathy is about to change with the fortuitous arrival of Beatrice Dunn. When seventeen-year-old Beatrice leaves the safety of her village to answer an ad that reads "Respectable Lady Seeks Dependable Shop Girl. Those averse to magic need not apply," she has little inclination of what the job will demand of her. Beatrice doesn't know it yet, but she is no ordinary small-town girl; she has great spiritual gifts—ones that will serve as her greatest asset and also place her in grave danger. Under the tutelage of Adelaide and Eleanor, Beatrice comes to harness many of her powers, but not even they can prepare her for the evils lurking in the darkest corners of the city or the courage it will take to face them.

New York by New York Jul 05 2021 New York is a city whose DNA comes from all over the world, a fantastic and unique place belonging to America yet not completely American. Such a strong cultural personality deserves a book, and Martine Assouline introduces this grand new title as "a little tribute to the New York I love." Travel through the most important periods of this great city and into all its boroughs, from Manhattan and Brooklyn to the Bronx and Queens to Staten Island with glimpses into its history and the development of its world-renown skyline. Discover stories from immigration in the early twentieth century to Prohibition in the 1920s to the youth revolution in the sixties. Remember the best moments in Broadway and the discos at Studio 54; dream with F. Scott Fitzgerald, Truman Capote, and Audrey Hepburn or Madonna and Jean- Michel Basquiat.

Tiny Love Stories Jun 23 2020 "Charming. . . . A moving testament to the diversity and depths of love." —Publishers Weekly You'll laugh, you'll cry, you'll be swept away—in less time than it takes to read this paragraph. Here are 175 true stories—honest, funny, tender and wise—each as moving as a lyric poem, all told in no more than one hundred words. An electrician lights up a woman's life, a sister longs for her homeless brother, strangers dream of what might have been. Love lost, found and reclaimed. Love that's romantic, familial, platonic and unexpected. Most of all, these stories celebrate love as it exists in real life: a silly remark that leads to a lifetime together, a father who struggles to remember his son, ordinary moments that burn bright.

Working-Class New York Aug 06 2021 A "lucid, detailed, and imaginative analysis" (The Nation) of the model city that working-class New Yorkers created after World War II—and its tragic demise More than any other city in America, New York in the years after the Second World War carved out an idealistic and equitable path to the future. Largely through the efforts of its working class and the dynamic labor movement it built, New York City became the envied model of liberal America and the scourge of conservatives everywhere: cheap and easy-to-use mass transit, work in small businesses and factories that had good wages and benefits, affordable public housing, and healthcare for all. Working-Class New York is an "engrossing" (Dissent) account of the birth of that ideal and the way it came crashing down. In what Publishers Weekly calls "absorbing and beautifully detailed history," historian Joshua Freeman shows how the anticommunist purges of the 1950s decimated the ranks of the labor movement and demoralized its idealists, and how the fiscal crisis of the mid-1970s dealt another crushing blow to liberal ideals as the city's wealthy elite made a frenzied grab for power. A grand work of cultural and social history, Working-Class New York is a moving chronicle of a dream that died but may yet rise again.

Making News at The New York Times Oct 20 2022 An ethnographic study of The New York Times' business desk provides a unique vantage point to see the future for news in the digital age.

Humans of New York Sep 26 2020 Based on the blog with more than four million loyal fans, a beautiful, heartfelt, funny, and inspiring collection of photographs and stories capturing the spirit of a city Now an instant #1 New York Times bestseller, Humans of New York began in the summer of 2010, when photographer Brandon Stanton set out to create a photographic census of New York City. Armed with his camera, he began crisscrossing the city, covering thousands of miles on foot, all in an attempt to capture New Yorkers and their stories. The result of these efforts was a vibrant blog he called "Humans of New York," in which his photos were featured alongside quotes and anecdotes. The blog has steadily grown, now boasting millions of devoted followers. Humans of New York is the book inspired by the blog. With four hundred color photos, including exclusive portraits and all-new stories, Humans of New York is a stunning collection of images that showcases the outsized personalities of New York. Surprising and moving, printed in a beautiful full-color, hardbound edition, Humans of New York is a celebration of individuality and a tribute to the spirit of the city. With 400 full-color photos and a distinctive vellum jacket

Smarter New York City Jan 31 2021 Innovation is often presented as being in the exclusive domain of the private sector. Yet despite widespread perceptions of public-sector inefficiency, government agencies have much to teach us about how technological and social advances occur. Improving governance at the municipal level is critical to the future of the twenty-first-century city, from environmental sustainability to education, economic development, public health, and beyond. In this age of acceleration and massive migration of people into cities

around the world, this book explains how innovation from within city agencies and administrations makes urban systems smarter and shapes life in New York City. Using a series of case studies, Smarter New York City describes the drivers and constraints behind urban innovation, including leadership and organization; networks and interagency collaboration; institutional context; technology and real-time data collection; responsiveness and decision making; and results and impact. Cases include residential organic-waste collection, an NYPD program that identifies the sound of gunshots in real time, and the Vision Zero attempt to end traffic casualties, among others. Challenging the usefulness of a tech-centric view of urban innovation, Smarter New York City brings together a multidisciplinary and integrated perspective to imagine new possibilities from within city agencies, with practical lessons for city officials, urban planners, policy makers, civil society, and potential private-sector partners.

The New York Times Book of the Dead Sep 07 2021 The obituary page of The New York Times is a celebration of extraordinary lives. This groundbreaking package includes 300 obits in the book with exclusive online access to 10,000 more of the most important and fascinating obituaries the Times has ever published. The obituary page is the section many readers first turn to not only see who died, but to read some of the most inspiring, insightful, often funny, and elegantly written stories celebrating the lives of the men and women who have influenced our world. William McDonald, The Times' obituary editor who was recently featured in the award-winning documentary *Obit*, selected 320 of the most important and influential obits from the newspaper's archives. In chapters like "Stage and Screen," "Titans of Business," "The Notorious," "Scientists and Healers," "Athletes," and "American Leaders," the entries include a wide variety of newsmakers from the last century and a half, including Annie Oakley, Theodore Roosevelt, Joseph Stalin, Marilyn Monroe, Coco Chanel, Malcolm X, Jackie Robinson and Prince. Also included is a web-key which allows instant access to an exclusive website featuring 10,000 selected obituaries which are easily searchable by name, theme, dates, and more. Designed with more than 150 black-and-white photographs, this tomb-sized book plus website package is the perfect gift.

New York Magazine Nov 16 2019 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

The New York Times Book of Medicine May 03 2021 Features 120 articles on medicine selected from The New York Times' archives.

The Dawn of Everything Mar 01 2021 INSTANT NEW YORK TIMES BESTSELLER A dramatically new understanding of human history, challenging our most fundamental assumptions about social evolution—from the development of agriculture and cities to the origins of the state, democracy, and inequality—and revealing new possibilities for human emancipation. For generations, our remote ancestors have been cast as primitive and childlike—either free and equal innocents, or thuggish and warlike. Civilization, we are told, could be achieved only by sacrificing those original freedoms or, alternatively, by taming our baser instincts. David Graeber and David Wengrow show how such theories first emerged in the eighteenth century as a conservative reaction to powerful critiques of European society posed by Indigenous observers and intellectuals. Revisiting this encounter has startling implications for how we make sense of human history today, including the origins of farming, property, cities, democracy, slavery, and civilization itself. Drawing on pathbreaking research in archaeology and anthropology, the authors show how history becomes a far more interesting place once we learn to throw off our conceptual shackles and perceive what's really there. If humans did not spend 95 percent of their evolutionary past in tiny bands of hunter-gatherers, what were they doing all that time? If agriculture, and cities, did not mean a plunge into hierarchy and domination, then what kinds of social and economic organization did they lead to? The answers are often unexpected, and suggest that the course of human history may be less set in stone, and more full of playful, hopeful possibilities, than we tend to assume. *The Dawn of Everything* fundamentally transforms our understanding of the human past and offers a path toward imagining new forms of freedom, new ways of organizing society. This is a monumental book of formidable intellectual range, animated by curiosity, moral vision, and a faith in the power of direct action. Includes Black-and-White Illustrations

The New York Times 36 Hours Jan 19 2020 The "New York Times" has been offering up dream weekends with practical itineraries in its popular weekly 36 Hours" column since 2002. New York, New York, New York Feb 24 2023 "A lively, immersive history by an award-winning urbanist of New York City's transformation, and the lessons it offers for the city's future"--

New York Feb 18 2020 A brilliant mix of battle, romance, family struggles, and personal triumphs, New York gloriously captures the search for freedom and prosperity at the heart of America's history. A blockbuster masterpiece that combines breath-taking scope with narrative immediacy, this grand historical epic traces the history of New York through the lenses of several families: The Van Dycks, a wealthy Dutch trading family; the Masters, scions of an English merchant clan torn apart during the Revolution; the Hudsons, slaves who fight for their freedom over several generations; the Murphys, who escape the Famine in Ireland and land in the chaotic slum of Five Points; the Rewards, robber barons of the Gilded Age; the Florinos, an immigrant Italian clan who work building the great skyscrapers in the 1920s; and the Rabinowitzs, who flee anti-semitism in Europe and build a new life in Brooklyn. Over time, the lives of these families become intertwined through the most momentous events in the fabric of America: The founding of the colonies; the Revolution; the growth of New York as a major port and trading centre; the Civil War; the Gilded Age; the explosion of immigration and the corruption of Tammany Hall; the rise of New York as a great world city in the early 20th-century; the trials of World War II, the tumult of the 1960s; the near-demise of the city in the 1970s; its roaring rebirth in the 1990s; culminating in the World Trade Center attacks at the beginning of the new century. New York is the book that Rutherford's fans have been waiting for. From the Hardcover edition.

The Room Where It Happened Jan 11 2022 As President Trump's National Security Advisor, John Bolton spent many of his 453 days in the room where it happened, and the facts speak for themselves. The result is a White House memoir that is the most comprehensive and substantial account of the Trump Administration, and one of the few to date by a top-level official. With almost daily access to the President, John Bolton has produced a precise rendering of his days in and around the Oval Office. What Bolton saw astonished him: a President for whom getting reelected was the only thing that mattered, even if it meant endangering or weakening the nation. "I am hard-pressed to identify any significant Trump decision during my tenure that wasn't driven by reelection calculations," he writes. In fact, he argues that the House committed impeachment malpractice by keeping their prosecution focused narrowly on Ukraine when Trump's Ukraine-like transgressions existed across the full range of his foreign policy—and Bolton documents exactly what those were, and attempts by him and others in the Administration to raise alarms about them. He shows a President addicted to chaos, who embraced our enemies and spurned our friends, and was deeply suspicious of his own government. In Bolton's telling, all this helped put Trump on the bizarre road to impeachment. "The differences between this presidency and previous ones I had served were stunning," writes Bolton, who worked for Reagan, Bush 41, and Bush 43. He discovered a President who thought foreign policy is like closing a real estate deal—about personal relationships, made-for-TV showmanship, and advancing his own interests. As a result, the US lost an opportunity to confront its deepening threats, and in cases like China, Russia, Iran, and North Korea ended up in a more vulnerable place. Bolton's account starts with his long march to the West Wing as Trump and others woo him for the National Security job. The minute he lands, he has to deal with Syria's chemical attack on the city of Douma, and the crises after that never stop. As he writes in the opening pages, "If you don't like turmoil, uncertainty, and risk—all the while being constantly overwhelmed with information, decisions to be made, and sheer amount of work—and enlivened by international and domestic personality and ego conflicts beyond description, try something else." The turmoil, conflicts, and egos are all there—from the upheaval in Venezuela, to the erratic and manipulative moves of North Korea's Kim Jong Un, to the showdowns at the G7 summits, the calculated warmongering by Iran, the crazy plan to bring the Taliban to Camp David, and the placating of an authoritarian China that ultimately exposed the world to its lethal lies. But this seasoned public servant also has a great eye for the Washington inside game, and his story is full of wit and wry humor about how he saw it played.
