During the four decades of the communist regime in Czechoslovakia a vast literature on working-class movements has been produced but it has hardly any value for today's scholarship. This remarkable study reopens the field. Based on Czech, Slovak, German and other sources, it focuses on the history of the multi-ethnic social democratic labor movement in Slovakia's capital Bratislava during the period 1867-1921, and on the process of national revolution during the years 1918-19 in particular. The study places the historic change of the former Pressburg into the modern Bratislava in the broader context of the development of multinational pre-1918 Hungary, the evolution of social, ethnic, and political relations in multi-ethnic Pressburg (a 'tri-national' city of Germans, Magyars, and Slovaks), and the development of the multinational labor movement in Hungary and the Habsburg Empire as a whole. An account of the failure of the 1922 Genoa Conference to resolve East-West differences. The Irish contribution to world theatre is famous, but today awareness of Irish theatrical activity is chiefly confined to the modern period. This book corrects that imbalance with an unparalleled study of the early history of drama and performance in Ireland, from the seventh century through the sixteenth and seventeenth centuries, and ending on the eve of the arrival of Oliver Cromwell. The work of professional entertainers is discussed, as is that of amateurs, in theatricals sponsored by churches, guilds, civic authorities, and aristocratic patrons. Drawing on a wide variety of sources, many unpublished, Alan Fletcher opens up a vibrant but forgotten Irish landscape in which drama and performance collaborated actively in the mapping and manufacture of social history. Modern Irish drama is acknowledged as having a rich and vibrant tradition. Drama, Performance and Polity in Pre-Cromwellian Ireland helps to show how that vibrant tradition of drama and theatre has a very long history. Dr. Fletcher deals not only with performance

traditions outside the Pale in the sixteenth and seventeenth centuries, but for the first time delves into such traditions as can be gleaned about Gaelic Ireland during the preceding millennium. Fletcher surveys the 'native' traditions beyond the Pale; early and sixteenth-century activities within Dublin; Kilkenny drama; provincial centres outside Dublin; and Dublin in the seventeenth century up to the arrival of Oliver Cromwell, when the Irish theatres were closed. A brilliant writer, outstanding orator, and charismatic politician, Thomas D'Arcy McGee is best known for his prominent role in Irish-Canadian politics, his inspirational speeches in support of Canadian Confederation, and his assassination by an Irish revolutionary who accused him of betraying his earlier Irish nationalist principles. Thomas D'Arcy McGee, the first volume in a two-part biography, explores the development of those principles in Ireland and the United States. David Wilson follows McGee from Wexford, Ireland across the Atlantic to Boston, where at nineteen he became the editor of America's leading Irish newspaper, and traces his subsequent involvement with the Young Ireland movement, his reactions to the Famine, and his role in the Rising of 1848. Wilson goes on to examine McGee's experiences as a political refugee in the United States, where his increasing disillusionment with revolutionary Irish nationalism and his opposition to American nativism propelled him towards conservative Catholicism and sent him on a trajectory that ultimately led to Canada - his experiences are the subject of volume 2, Thomas D'Arcy McGee: The Extreme Moderate, 1857-1868. Prominent historian Justus Doenecke analyzes the personalities, leading action groups, and major congressional debates surrounding the U.S. decision to participate in World War II. This volume of The Frederick Douglass Papers represents the first of a four-volume series of the selected correspondence of the great American abolitionist and reformer. Douglass's correspondence was richly varied, from relatively obscure slaveholders and fugitive slaves to poets and politicians, including Horace Greeley, William H. Seward, Susan B. Anthony, and Henry Wadsworth Longfellow. The letters acquaint us with Douglass's many roles—politician, abolitionist, diplomat, runaway slave, women's rights advocate, and family man—and include many previously unpublished letters between Douglass and members of his family. Douglass stood at the epicenter of the political, social, intellectual, and cultural issues

of antebellum America. This collection of Douglass's early correspondence illuminates not only his growth as an activist and writer, but the larger world of the times and the abolition movement as well. The seventh volume of the acclaimed, official biography: "An engrossing history of Churchill's crucial role in the grand alliance of World War II" (Los Angeles Times). This seventh volume in the epic, multivolume biography of Winston S. Churchill takes up the story of "Churchill's War" with the Japanese attack on Pearl Harbor on December 7, 1941, and carries it on to the triumph of V-E Day, May 8, 1945, the end of the war in Europe. Acclaimed historian Martin Gilbert charts Churchill's course through the storms of Anglo-American and Anglo-Soviet rivalry, and between the conflicting ambitions of other forces embattled against the common enemy: between General de Gaulle, his compatriots in France, and the French Empire; between Tito and other Yugoslav leaders; between the Greek Communists and monarchists; between the Polish government exiled in London and the Soviet-controlled "Lublin" Poles. Amid all these volatile concerns, Churchill had to find the path of prudence, of British national interest, and, above all, of the earliest possible victory over Nazism. In doing so he was guided by the most secret sources of British Intelligence: the daily interception of the messages of the German High Command. These pages reveal, as never before, the links between this secret information and the resulting moves and successes achieved by the Allies. "A milestone, a monument, a magisterial achievement . . . rightly regarded as the most comprehensive life ever written of any age." —Andrew Roberts, historian and author of *The Storm of War* "The most scholarly study of Churchill in war and peace ever written." —Herbert Mitgang, *The New York Times* "Report of the Dominion fishery commission on the fisheries of the province of Ontario, 1893", issued as vol. 26, no. 7, supplement. General Sir Phillip Bennett is a good example of what makes a great leader. With a good combination of innate personal qualities, education, broad experience and the hardening that comes with survival on the battlefield he prospered. As a young officer he survived the first and most perilous year of the Korean War, including the Battle of Kapyong. List of members of the Institute in v. 24-26. A seven-volume collection, published in nine parts (1864-90), comprising translated Venetian state papers relating to English affairs between 1202 and 1580. 1970 to 1974 was a pivotal

period in the history of the Labour Party. This book shows how the Labour Party responded to electoral defeat in 1970 and to what extent its political and policy activity in opposition was directed to the recovery of power at the following general election. At a point in Labour's history when social democracy had apparently failed, this book considers what the party came up with in its place. The story of the Labour Party in opposition, 1970-1974, is shown to be one of a major political party sustaining policy activity of limited relevance to its electoral requirements. Not only that, but Labour regained office in 1974 with policies on wages and industrial relations whose unworkability led to the failure of the Labour government 1974-1979, and the Labour Party's irrelevance to so many voters after 1979. Using primary sources, the author documents and explains how this happened, focusing on the party's response to defeat in 1970 and the behaviour of key individuals in the parliamentary leadership in response to pressure for a review of policy.
