Mossy, an amazing turtle with a gorgeous garden growing on her shell, loses her freedom when Dr. Carolina, a biologist, takes her to live in her Edwardian museum. Visitors flock to see Mossy, but it is Dr. Carolina's niece, Tory, who notices how sad Mossy is living in a viewing pavilion. She misses the outdoors and her friend, Scoot. Dr. Carolina finds a way to keep the spirit of Mossy alive at the museum. She invites Flora and Fauna to paint Mossy's portrait. Then she and Tory take Mossy home, where Scoot is waiting for her. the secrets to reading passages efficiently, learn how to identify and tackle different RC Question Types, and practice enough number of passages from myriad subjects to build the requisite mental stamina so that you are able to comprehend dense and boring passages that the GMAT tests you on. The GMAT Reading Comprehension Grail has been written keeping the above three points in view. The book spans over 300 pages and is the most comprehensive book available today in the market to crack the GMAT Reading Comprehension. The book starts by unraveling the secrets to reading passages quickly yet effectively, then moves on to discuss various RC question types and then provides 60 GMAT like practice passages. By the time, you finish the book, we assure you that you will not fear reading comprehension on the GMAT anymore because you would have learnt what are the best strategies, which of the them work for you and which don't, you will know the types of mistakes you make and what you need to do about them and above all you will not be scared of seeing passages from areas that you had no interest in. In short, you will be much more confident about taking on RC passages. How is this book superior to any other book for Reading Comprehension? This book provides you 3 times the number of practice passages as compared to any other book Unlike other books, the RC Grail strictly follows a 3-4 questions per passage format, just as the GMAT does RC Grail is the only book that categorizes passages into three difficulty levels - low, medium & high. This categorization ensures that by the time you reach high difficulty level passages, you'll be ready to handle them with confidence. RC Grail is the only book that provides a passage map for every passage along with detailed explanations to questions. Unlike those in other books, the passages in the RC Grail are the closest you can get to the GMAT passages in length & structure.

in your Logic Games groups? Do you have trouble making your way through LSAT Reading passages in the allotted time? Are you always stuck between two answers in your Logical Reasoning questions? This guide shows the exact process that I use for every Logic Games, Logical Reasoning, and Reading Comprehension question, illustrated with a ton of thoroughly explained tricky LSAT questions. "But Trevor," you say, "I already get free thoroughly explained tricky LSAT questions through Khan Academy." Not like this you don't! You see, unlike the (excellent, kind) people at Khan Academy, I know what it's like to take the LSAT in test conditions. It's how I scored a 175 on my own LSAT, and how I've taught innumerable students to score 165+, 170+, and even 175+ on their own. So, when I teach the LSAT, I teach it as I would have liked to learn it as a student. Not explained after the fact like I already know the correct answer, but how to approach a weird, crazy question like you've never seen its type before. I teach a step-by-step approach, from the first moment you see a question up until the moment that you victoriously choose the correct answer. It's the LSAT like you've never seen before, conquered with panache! Pineapple not included.
