This is the first of a two-diskette set providing over 100,000 references in each language, in 78 subject areas. Features of the text include: headword and full text searches; cross-referencing and browsing facilities; selective filtering of terminology; and interaction with DOS and Windows. First published in 1995. Routledge is an imprint of Taylor & Francis, an informa company. This collection of essays and reviews represents the most significant and comprehensive writing on Shakespeare's A Comedy of Errors. Miola's edited work also features a comprehensive critical history, coupled with a full bibliography and photographs of major productions of the play from around the world. In the collection, there are five previously unpublished essays. The topics covered in these new essays are women in the play, the play's debt to contemporary theater, its critical and performance histories in Germany and Japan, the metrical variety of the play, and the

distinctly modern perspective on the play as containing dark and disturbing elements. To compliment these new essays, the collection features significant scholarship and commentary on The Comedy of Errors that is published in obscure and difficult accessible journals, newspapers, and other sources. This collection brings together these essays for the first time. Gives the English equivalent of French terms in the areas of machinery, mines, public works, internal combustion engines, aviation, electricity, naval construction, metallurgy, commerce. Cet ouvrage est la 2e édition entièrement revue, mise à jour et enrichie du volume Anglais/Français du " Ernst ", qui s'est imposé depuis des années comme la référence incontestée en matière de dictionnaires techniques bilingues. Il comprend plus de 200 000 entrées qui recouvrent la terminologie de tous les domaines, des sciences de base jusqu'aux techniques industrielles de pointe, et leurs traductions en français.
