stunning work that is both a novel and a poem, both an unconventional re-creation of an ancient Greek myth and a wholly original coming-of-age story set in the present. Geryon, a young boy who is also a winged red monster, reveals the volcanic terrain of his fragile, tormented soul in an autobiography he begins at the age of five. As he grows older, Geryon escapes his abusive brother and affectionate but ineffectual mother, finding solace behind the lens of his camera and in the arms of a young man named Herakles, a cavalier drifter who leaves him at the peak of infatuation. When Herakles reappears years later, Geryon confronts again the pain of his desire and embarks on a journey that will unleash his creative imagination to its fullest extent. By turns whimsical and haunting, erudite and accessible, richly layered and deceptively simple, *Autobiography of Red* is a profoundly moving portrait of an artist coming to terms with the fantastic accident of who he is. A NEW YORK TIMES NOTABLE BOOK OF THE YEAR National Book Critics Circle Award Finalist "Anne Carson is, for me,

the most exciting poet writing in English today." --Michael Ondaatje "This book is amazing--I haven't discovered any writing in years so marvelously disturbing."

--Alice Munro "A profound love story . . . sensuous and funny, poignant, musical and tender." --The New York Times Book Review "A deeply odd and immensely engaging book. . . . [Carson] exposes with passionate force the mythic underlying the explosive everyday." --The Village Voice

Autobiography of a Disease Jul 01 2021
Autobiography of a Disease documents, in experimental form, the experience of extended life-threatening illness in contemporary US hospitals and clinics. The narrative is based primarily on the author's sudden and catastrophic collapse into a coma and long hospitalization thirteen years ago; but it has also been crafted from twelve years of research on the history of microbiology, literary representations of illness and medical treatment, cultural analysis of MRSA in the popular press, and extended autoethnographic work on medicalization. An experiment in form, the book blends the

genres of storytelling, historiography, ethnography, and memoir. Unlike most medical memoirs, told from the perspective of the human patient, *Autobiography of a Disease* is told from the perspective of a bacterial cluster. This orientation is intended to represent the distribution of perspectives on illness, disability, and pain across subjective centers—from patient to monitoring machine, from body to cell, from caregiver to cared-for—and thus makes sense of illness only in a social context.

Autobiography of a Wound Oct 24 2020
Winner of the AWP 2017 Donald Hall Prize for Poetry
In ancient fertility carvings, artists would drill holes into the woman's body to signify penetrability, which is the basis of *Autobiography of a Wound*: allowing those wounds and puncture marks to speak through the fertility figures. The wounds are chronicled through letters and poems addressed to F (F stands for the fertility carvings themselves, which are being addressed as one unified deity), and A (Aphrodite, who is being referenced as a general deity of womanhood, a figurine

that reappears throughout the poems, and a symbol that is referenced or portrayed in almost every fertility figurine or carving). *Autobiography of a Wound* reconstructs the narrative surrounding female pathos and the idea of the hysteric girl.

Autobiography of a Brown Buffalo Nov 17 2022 Before his mysterious disappearance and probable death in 1971, Oscar Zeta Acosta was famous as a Robin Hood Chicano lawyer and notorious as the real-life model for Hunter S. Thompson's "Dr. Gonzo," a fat, pugnacious attorney with a gargantuan appetite for food, drugs, and life on the edge. Written with uninhibited candor and manic energy, this book is Acosta's own account of coming of age as a Chicano in the psychedelic sixties, of taking on impossible cases while breaking all the rules of courtroom conduct, and of scrambling headlong in search of a personal and cultural identity. It is a landmark of contemporary Hispanic-American literature, at once ribald, surreal, and unmistakably authentic.

Autobiography of a Yogi: Reprint of the Original (1946) Edition Dec 26 2020

Autobiography of a Yogi introduces the reader to the life of Paramahansa Yogananda and his encounters with spiritual figures of both the Eastern and the Western world. The book begins with his childhood family life, to finding his guru, to becoming a monk and establishing his teachings of Kriya Yoga meditation. The book continues in 1920 when Yogananda accepts an invitation to speak in a religious congress in Boston, Massachusetts, USA. He then travels across America lecturing and establishing his teachings in Los Angeles, California. In 1935 he returns to India for a yearlong visit. When he returns to America, he continues to establish his teachings, including writing this book. The book is an introduction to the methods of attaining God-realization and to the spiritual thought of the East, which had only been available to a few in 1946. The

author claims that the writing of the book was prophesied long ago by the nineteenth-century master Lahiri Mahasaya (Paramguru of Yogananda) also known as the Yogiraj and Kashi baba. Before becoming a yogi, Lahiri Mahasaya's actual name was Shyama Charan Lahiri.

Autobiography of a Geisha Apr 10 2022
Home to the New York Yankees, the Bronx Zoo, and the Grand Concourse, the Bronx was at one time a haven for upwardly mobile second-generation immigrants eager to leave the crowded tenements of Manhattan in pursuit of the American dream. Once hailed as a "wonder borough" of beautiful homes, parks, and universities, the Bronx became--during the 1960s and 1970s--a national symbol of urban deterioration. Thriving neighborhoods that had long been home to generations of families dissolved under waves of arson, crime, and housing abandonment, turning blocks of apartment buildings into gutted, graffiti-covered shells and empty, trash-filled lots. In this revealing history of the Bronx, Evelyn Gonzalez describes how the once-

infamous New York City borough underwent one of the most successful and inspiring community revivals in American history. From its earliest beginnings as a loose cluster of commuter villages to its current status as a densely populated home for New York's growing and increasingly more diverse African American and Hispanic populations, this book shows how the Bronx interacted with and was affected by the rest of New York City as it grew from a small colony on the tip of Manhattan into a sprawling metropolis. This is the story of the clattering of elevated subways and the cacophony of crowded neighborhoods, the heady optimism of industrial progress and the despair of economic recession, and the vibrancy of ethnic cultures and the resilience of local grassroots coalitions crucial to the borough's rejuvenation. In recounting the varied and extreme transformations this remarkable community has undergone, Evelyn Gonzalez argues that it was not racial discrimination, rampant crime, postwar liberalism, or big government that was to blame for the urban crisis that assailed the Bronx during the

late 1960s. Rather, the decline was inextricably connected to the same kinds of social initiatives, economic transactions, political decisions, and simple human choices that had once been central to the development and vitality of the borough. Although the history of the Bronx is unquestionably a success story, crime, poverty, and substandard housing still afflict the community today. Yet the process of building and rebuilding carries on, and the revitalization of neighborhoods and a resurgence of economic growth continue to offer hope for the future.

The Measure of a Man Oct 04 2021 "I have no wish to play the pontificating fool, pretending that I've suddenly come up with the answers to all life's questions. Quite that contrary, I began this book as an exploration, an exercise in self-questioning. In other words, I wanted to find out, as I looked back at a long and complicated life, with many twists and turns, how well I've done at measuring up to the values I myself have set." —Sidney Poitier In this luminous memoir, a true American icon

looks back on his celebrated life and career. His body of work is arguably the most morally significant in cinematic history, and the power and influence of that work are indicative of the character of the man behind the many storied roles. Sidney Poitier here explores these elements of character and personal values to take his own measure—as a man, as a husband and a father, and as an actor. Poitier credits his parents and his childhood on tiny Cat Island in the Bahamas for equipping him with the unflinching sense of right and wrong and of self-worth that he has never surrendered and that have dramatically shaped his world. "In the kind of place where I grew up," recalls Poitier, "what's coming at you is the sound of the sea and the smell of the wind and momma's voice and the voice of your dad and the craziness of your brothers and sisters...and that's it." Without television, radio, and material distractions to obscure what matters most, he could enjoy the simple things, endure the long commitments, and find true

meaning in his life. Poitier was uncompromising as he pursued a personal and public life that would honor his upbringing and the invaluable legacy of his parents. Just a few years after his introduction to indoor plumbing and the automobile, Poitier broke racial barrier after racial barrier to launch a pioneering acting career. Committed to the notion that what one does for a living articulates to who one is, Poitier played only forceful and affecting characters who said something positive, useful, and lasting about the human condition. Here is Poitier's own introspective look at what has informed his performances and his life. Poitier explores the nature of sacrifice and commitment, pride and humility, rage and forgiveness, and paying the price for artistic integrity. What emerges is a picture of a man in the face of limits—his own and the world's. A triumph of the spirit, *The Measure of a Man* captures the essential Poitier.

Autobiography of a Spiritually Incorrect Mystic May 11 2022 Understand the life and teachings of Osho, one of the twentieth

century's most unusual gurus and philosophers, in *Autobiography of a Spiritually Incorrect Mystic*. In 1990, Osho prepared for his departure from the body that had served him for fifty-nine years—in the words of his attending physician—“as calmly as though he were packing for a weekend in the country.” Who was this man, known as the Sex Guru, the “self-appointed bhagwan” (Rajneesh), the Rolls-Royce Guru, the Rich Man's Guru, and simply the Master? Drawn from nearly five thousand hours of Osho's recorded talks, this is the story of his youth and education, his life as a professor of philosophy and years of travel teaching the importance of meditation, and the true legacy he sought to leave behind: a religion-less religion centered on individual awareness and responsibility and the teaching of “Zorba the Buddha,” a celebration of the whole human being. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the *Sunday Times* of

London as one of the "1000 Makers of the 20th Century" and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

Autobiography of a Corpse Oct 16 2022 An NYRB Classics Original Winner of the 2014 PEN Translation Prize Winner of the 2014 Read Russia Prize The stakes are wildly high in Sigizmund Krzhizhanovsky's fantastic and blackly comic philosophical fables, which abound in nested narratives and wild paradoxes. This new collection of eleven mind-bending and spellbinding tales includes some of Krzhizhanovsky's most dazzling conceits: a provincial journalist who moves to Moscow finds his existence consumed by the autobiography of his room's previous occupant; the fingers of a celebrated pianist's right hand run away to spend a night alone on the city streets; a man's lifelong quest to bite his own elbow inspires both a hugely popular circus act and a new refutation of Kant. Ordinary reality cracks open before our eyes in the pages of *Autobiography of a Corpse*, and the extraordinary spills out.

Truth & Beauty Jun 19 2020 "A loving testament to the work and reward of the

best friendships, the kind where your arms can't distinguish burden from embrace." — People New York Times Bestselling author Ann Patchett's first work of nonfiction chronicling her decades-long friendship with the critically acclaimed and recently deceased author, Lucy Grealy. Ann Patchett and the late Lucy Grealy met in college in 1981, and, after enrolling in the Iowa Writer's Workshop, began a friendship that would be as defining to both of their lives as their work. In Grealy's critically acclaimed and hugely successful memoir, *Autobiography of a Face*, she wrote about losing part of her jaw to childhood cancer, years of chemotherapy and radiation, and endless reconstructive surgeries. In *Truth & Beauty*, the story isn't Lucy's life or Ann's life, but the parts of their lives they shared together. This is a portrait of unwavering commitment that spans twenty years, from the long cold winters of the Midwest, to surgical wards, to book parties in New York. Through love, fame, drugs, and despair, this is what it means to be part of two lives that are intertwined...and

what happens when one is left behind. This is a tender, brutal book about loving the person we cannot save. It is about loyalty and being uplifted by the sheer effervescence of someone who knew how to live life to the fullest.

The Autobiography of a Language Jan 07 2022 "The Autobiography of a Language is an exploration of the deep and powerful ties between language and identity, focusing on an Italian American author and addressing global themes of modern writing. This is the first extensive, book-length work on Emanuel Carnevali (1897-1942), the first Italian American to attain literary recognition. It is a study on how an Italian immigrant to New York became an author and a key figure in transnational modernism; but most importantly a study of contacts between American and Italian literatures in the modernist era, and an exploration of the challenges of writing in a second language. Carnevali's works are almost exclusively in English, even though he spent only eight years in the United States before returning to Italy.

Combining literary analysis with some of the latest findings in applied linguistics and the study of bilingualism, this book contributes to a very active debate in the fields of comparative literature and translation studies: the implications of translingual writing. Andrea Ciribuco considers both the linguistic and cultural aspects of writing in a second language, examining its potential and pitfalls. In bringing Carnevali's works in touch with the socio-cultural context, *The Autobiography of a Language* offers a fresh view of the Italian/American cultural contacts at the time of the great wave of Italian emigration"--

The Autobiography of William Carlos Williams Jan 27 2021 *The Autobiography* is an unpretentious book; it reads much as Williams talked--spontaneously and often with a special kind of salty humor. But it is a very human story, glowing with warmth and sensitivity. It brings us close to a rare man and lets us share his affectionate concern for the people to whom he ministered, body and soul, through a long rich life as physician and writer.

Autobiography of a Face Sep 15 2022 In this celebrated memoir and exploration of identity, cancer transforms the author's face, childhood, and the rest of her life. At age nine, Lucy Grealy was diagnosed with a potentially terminal cancer. When she returned to school with a third of her jaw removed, she faced the cruel taunts of classmates. It took her twenty years of living with a distorted self-image and more than thirty years of reconstructive procedures before she could come to terms with her appearance. In this lyrical and strikingly candid memoir, Grealy tells her story of great suffering and remarkable strength without sentimentality and with considerable wit. She captures what it is like as a child and a young adult to be torn between two warring impulses: to feel that more than anything else we want to be loved for who we are, while wishing desperately and secretly to be perfect. A New York Times Notable Book "This is a young woman's first book, the story of her

own life, and both book and life are unforgettable." —New York Times "Engaging and engrossing, a story of grace as well as cruelty, and a demonstration of [Greal's] own wit and style and class."—Washington Post Book World

Autobiography of a Yogi Jan 19 2023 An autobiographical account of an early twentieth-century yogi as he reaches self-realization, identification with his larger self, mankind, and union with his God.

Andal May 19 2020 Ninth century Tamil poet and founding saint Andal is believed to have been found as a baby underneath a holy basil plant in the temple garden of Srivilliputhur. As a young woman she fell deeply in love with Lord Vishnu, composing fervent poems and songs in his honour and, according to custom, eventually marrying the god himself. The *Autobiography of a Goddess* is Andal's entire corpus, composed before her marriage to Vishnu, and it cements her status as the South Indian corollary to Mirabai, the saint and devotee of Sri Krishna. The collection includes *Tiruppavai*, a song still popular

in congregational worship, thirty pasuram (stanzas) sung before Lord Vishnu, and the less-translated, rapturously erotic Nacchiyar Tirumoli. Priya Sarrukai Chabria and Ravi Shankar employ a radical method in this translation, breathing new life into this rich classical and spiritual verse by rendering Andal in a contemporary poetic idiom in English. Many of Andal's pieces are translated collaboratively; others individually and separately. The two approaches are brought together, presenting a richly layered reading of these much-loved classic Tamil poems and songs.

Black Hawk Dec 06 2021 Autobiography of Ma-Ka-Tai-Me-She-Kia-Kiak, Or Black Hawk, by Black Hawk. Black Hawk, born Ma-ka-tai-me-she-kia-kiak, (1767 - October 3, 1838) was a band leader and warrior of the Sauk American Indian tribe in what is now the Midwest of the United States. Embracing the Traditions of his Nation, Various Wars in which he has been engaged, And his Account of the cause and general history of the Black hawk war of 1832, His surrender, and travels through the United States. I

was born at the Sac village, on Rock river, in the year 1767, and am now in my 67th year. My great grandfather, Nanamakee, or Thunder, according to the tradition given me by my father, Pyesa, was born in the vicinity of Montreal, Canada, where the Great Spirit first placed the Sac nation, and inspired him with a belief that, at the end of four years he should see a white man, who would be to him a father. Consequently he blacked his face, and eat but once a day, just as the sun was going down, for three years, and continued dreaming, throughout all this time whenever he slept. When the Great Spirit again appeared to him, and told him that, at the end of one year more, he should meet his father, and directed him to start seven days before its expiration, and take with him his two brothers, Namah, or Sturgeon, and Paukahummawa, or Sunfish, and travel in a direction to the left of sun-rising.

Mark Twain's Autobiography Nov 05 2021

The Autobiography of a Transgender Scientist Aug 02 2021 A leading scientist describes his life, his gender transition,

his scientific work, and his advocacy for gender equality in science. Ben Barres was known for his groundbreaking scientific work and for his groundbreaking advocacy for gender equality in science. In this book, completed shortly before his death from pancreatic cancer in December 2017, Barres (born in 1954) describes a life full of remarkable accomplishments—from his childhood as a precocious math and science whiz to his experiences as a female student at MIT in the 1970s to his female-to-male transition in his forties, to his scientific work and role as teacher and mentor at Stanford. Barres recounts his early life—his interest in science, first manifested as a fascination with the mad scientist in Superman; his academic successes; and his gender confusion. Barres felt even as a very young child that he was assigned the wrong gender. After years of being acutely uncomfortable in his own skin, Barres transitioned from female to male. He reports he felt nothing but relief on becoming his true self. He was proud to be a role model for transgender scientists. As an

undergraduate at MIT, Barres experienced discrimination, but it was after transitioning that he realized how differently male and female scientists are treated. He became an advocate for gender equality in science, and later in life responded pointedly to Larry Summers's speculation that women were innately unsuited to be scientists. Privileged white men, Barres writes, "miss the basic point that in the face of negative stereotyping, talented women will not be recognized." At Stanford, Barres made important discoveries about glia, the most numerous cells in the brain, and he describes some of his work. "The most rewarding part of his job," however, was mentoring young scientists. That, and his advocacy for women and transgender scientists, ensures his legacy.

The Autobiography of a Yogi Jul 13 2022
As a young man Paramahansa Yogananda embarked on a quest to find his spiritual master, which he did in the form of Swami Sri Yukteswar - together they achieved 'a oneness of silence, words seemed the rankest superfluties'. A mixture of

biography and scholarly reflections on the deepest mysteries of life, this is the classic text which introduced millions in the West to the teachings of meditation and kriya yoga.

Autobiography of an Ex-white Man Feb 14 2020 *Autobiography of an Ex-White Man* is an intensely personal meditation on the nature of America by a White Philosopher who joined a Black Studies Department and found his understanding of the world transformed by the experience. The book begins with an autobiographical narrative of the events leading up to Wolff's transfer from a Philosophy Department to the W. E. B. Du Bois Department of Afro-American Studies at the University of Massachusetts, and his experiences in the Department with his new colleagues, all of whom had come to Academia from the Civil Rights Movement of the 1960s. Wolff discovered that the apparently simple act of moving across campus to a new Department in a new building worked a startling change in the way he saw himself, his university, and his country. Reading as widely as possible to bring

himself up to speed in his new field of academic responsibility, Wolff realized after a bit that his picture of American history and culture was undergoing an irreversible metamorphosis. America, he realized, has from its inception been a land both of Freedom and of Bondage - Freedom for the few, and then for those who are White, Bondage at first for the many, and then for those who are not White. Slavery is thus not an aberration, an accident, a Peculiar Institution - it is the essence and core of the American experience. Wolff's optimistic outlook leads him to express the hope that our acknowledging the realities of America's racial history and present will begin to tear down the formidable barrier to change. He sees this refashioning of the American story as a first step toward the crafting of a truly liberatory project. Robert Paul Wolff is Professor of Afro-American Studies at the University of Massachusetts-Amherst and the author of numerous books, including *Introductory Philosophy* and *In Defense of Anarchism*.

Autobiography of Mother Jones Sep 03 2021

Autobiography of a Sadhu Jun 12 2022 The first insider account of an ancient and secretive tradition • By the first foreigner to become a member, and later an elder, of the Juna Akhara, the oldest and largest grouping of Naga Babas • Filled with true accounts of magic, miracles, ghosts, and austerities • With lessons on Hindu gods, ayurveda, and Indian culture woven throughout After traveling at age 18 from his native California to India in

1969, Rampuri was drawn to the Naga Babas, an ancient and wild order of naked yogis whom he calls the "Hell's Angels of Indian Spirituality." Organized into a sect by Adi Shankara in the 5th century BC, the Naga Babas see themselves as the ultimate protectors of the Sanatan Dharma, or what we call the Hindu religion. Rampuri became a disciple of a Naga Baba--a master shaman sadhu--from Rajasthan and, as foretold by astrological prophecy, soon found himself the first foreigner to become an initiate of the Juna Akhara, the oldest and largest grouping of Naga Babas with more than 50,000 sadhu members. From drinking the "Nectar of Immortality" at the source of the Ganges River to allegations of tantric murder, this autobiography is filled with true accounts of magic, miracles, ghosts, and austerities, with lessons on Hindu gods, ayurveda, mantra, and Indian culture woven throughout. Through his journey of extremes, Rampuri takes us into the mystic heart of India.

The Autobiography of an Execution May 31 2021 Near the beginning of The Autobiography of an Execution, David Dow lays his cards on the table. "People think that because I am against the death penalty and don't think people should be executed, that I forgive those people for what they did. Well, it isn't my place to forgive people, and if it were, I probably wouldn't. I'm a judgmental and not very forgiving guy. Just ask my wife." In this spellbinding true crime narrative, Dow takes us inside of prisons, inside the complicated minds of judges, inside execution-administration chambers, into the lives of death row inmates (some shown to be innocent, others not) and even into his own home--where the toll of working on these gnarled and difficult cases is perhaps inevitably paid. He sheds insight onto unexpected phenomena-- how even religious lawyer and justices can evince deep rooted support for putting criminals to death-- and makes palpable the suspense that clings to every word and action when

human lives hang in the balance.

The Autobiography of an Ex-Colored Man
Aug 14 2022 *The Autobiography of an Ex-Colored Man*, novel by James Weldon Johnson, published in 1912. This fictional autobiography, originally issued anonymously in order to suggest authenticity, explores the intricacies of racial identity through the eventful life of its mixed-race (and unnamed) narrator. The narrator, born in Georgia, tells of his childhood in Connecticut, where his mixed-race mother, aided by monthly checks from the boy's white father, is able to provide a secure and cultured environment. Learning of his black heritage only by accident, the narrator experiences the first of several identity shifts that will eventually find him opting for membership in white society. A European interlude under the sponsorship of a wealthy white male companion raises the question of sexual identity as well, but the novel never makes this issue explicit. Throughout the work, Johnson employs characters, locales, incidents, and motifs from his own life, but the narrator is

less a conscious self-portrait than a representation of the author's own ambivalence.

The author is a Yaqui Indian, a railroad gandy dancer who sees beauty in iron spikes and rail clamps as well as in twilight-purple mountains and glossy-leaved cottonwood trees. In the seventy years following his flight from the Yaqui-Mexican wars in Sonora, Savala became a talented poet and loving recorder of his people's cultural heritage. A large sampling of his original works appears in the interpretations section of this book. Story of a Soul Nov 24 2020

Autobiography of an Androgyne Mar 17 2020

Earl Lind's 1918 autobiography has been recognized as a pioneering work in the history of transgender literature.

Throughout his life, Lind was forced to justify and defend his existence from puritanical authorities. In the first of his trilogy of autobiographical works, he not only demands recognition, but exposes the denial of his existence as nothing but hatred and fear. "Androgynes have of course existed in all ages of history and among all races. In Greek and Latin authors there are many references to them,

but these references are not always understood except by the few scholars who are themselves androgynes or at least passive sexual inverts. [...] [T]hese men-women, because misunderstood, have been held in great abomination both in the middle ages and in modern times, but the prejudice against them was not so extreme in antiquity, and a cultured citizen having this nature did not then lose caste on this account." Situating his own identity within this history of oppression, Lind makes the case for recognizing the presence of androgynes in all human societies. Ever since he was a child, Lind identified as feminine and was keenly aware of his homosexual desires, gaining a reputation among the local boys and soon turning to girls for friendship and understanding. In a world that saw androgynes as both corrupt and willfully different, Lind sought to increase understanding and to explain through scientific, historical, and personal evidence why his identity was congenital, and therefore natural. With a beautifully designed cover and professionally typeset

manuscript, this edition of Earl Lind's Autobiography of an Androgyne is a classic work of transgender literature reimagined for modern readers.
