Hundreds of books have been written about The Beatles. Over the last half century, their story has been mythologized and de-mythologized and presented by biographers and journalists as history. Yet many of these works do not strictly qualify as history and the story of how the Beatles' mythology continues to be told has been largely ignored. This book examines the band's historiography, exploring the four major narratives that have developed over time: The semi-whitewashed "Fab Four" account, the acrimonious breakup-era Lennon Remembers version, the biased "Shout!" narrative in the wake of John Lennon's murder, and the current Mark Lewisohn orthodoxy. Drawing on the most influential primary and secondary sources, Beatles history is analyzed using historical methods. (Essential Elements Band Folios). reading. The author begins each chapter with how and why she chose the song and includes fun facts. It's an engaging book that blends the words of perhaps the greatest rock band ever—The Beatles—with the basic principles for becoming a better leader. (Berklee Press). An essential guide for all songwriters and Beatles fans, this book explores John Lennon's songwriting genius with a guided tour through 25 of his Beatles-era hits. He shows how Lennon fashioned songs that were at once politically and socially relevant during the '60s, yet remain ageless and timeless today. Features in-depth musical analysis of: A Hard Day's Night * Ticket to Ride * Norwegian Wood * Strawberry Fields Forever * Come Together * and more. John Stevens is a songwriting professor at Berklee College of Music. For more than 20 years, he has taught "The Music of John Lennon," one of the most popular courses in the Berklee curriculum.
