Finding a Light in the Darkness of War May 03 2021 Hi, I'm Stella and I am taking control for a bit and telling you my story. Now now, don't get all upset. Don't worry all your favorites will be in this story of mine but I just want to tell you what's been going on. Plus it is good to have a fresh set of eyes and someone with a fantastic personality telling the story! It is a new year and so much has been going on. I know he had hopes that what he did would help make things better but, sadly he was wrong. Things have only gotten worse and it seems like we are running out of time to save everyone. So many has been killed or gone missing and even worse... those we trust are turning on us. Either to stay alive or because they want things to be this way. Darkness wants to take over. They want to make those without power or that are weaker bow down to them. We cannot let this happen! There is always a brighter light that will shine through the darkness, we just have to not give-up. We have to have hope. Hope he comes back and hope that it won't be too late before he does. Oh and hope I do not lose my ever loving mind. I never thought I would be one to get caught up in a love triangle but here I am... well okay it is worse than that. Oh god I sound like a whore. Okay, okay back to what's important. Saving everyone.

Passager Nov 16 2019 A boy is abandoned in the woods of medieval England. A year passes--a year of terror and hunger, of sleeping in trees and foraging for food, of outrunning packs of wild dogs--until one day a falconer captures and tames the boy as he would any passager, a young bird caught in the wild and trained. The falconer adopts the boy and teaches him all of the things he's forgotten, including the boy's true name--and the legacy of magic that will be his when he comes of age. "This first book of the Young Merlin Trilogy will have readers awaiting the sequels."--The Horn Book

Saracens and the Making of English Identity Aug 26 2020 This book explores the ways in which discourses of religious, racial, and national identity blur and engage each other in the medieval West. Specifically, the book studies depictions of Muslims in England during the 1330s and argues that these depictions, although historically inaccurate, served to enhance and advance assertions of English national identity at this time. The book examines Saracen characters in a manuscript renowned for the variety of its texts, and discusses hagiographic legends, elaborations of chronicle entries, and popular romances about Charlemagne, Arthur, and various English knights. In these texts, Saracens engage issues such as the demarcation of communal borders, the place of gender norms and religion in communities' self-definitions, and the roles of violence and history in assertions of group identity. Texts involving Saracens thus serve both to assert an English identity, and to explore the challenges involved in making such an assertion in the early fourteenth century when the English language was regaining its cultural prestige, when the English people were increasingly at odds with their French cousins, and when English, Welsh, and Scottish sovereignty were pressing matters.

King Arthur's Modern Return Aug 18 2022 The Arthurian legend closes with a promise: On a distant day, when his country calls, the king will return. His lost realm will be regained, and his shattered dream of an ideal world will, at last, be realized. This collection of original essays explores the issue of return in the modern Arthurian legend. With an Introduction by noted scholar Raymond H. Thompson and 13 essays by authors from the fields of literature,

art history, film history, and folklore, this collection reveals the flexibility of the legend. Just as the modern legend takes the form current to its generation, the myth of return generates a new legend with each telling. As these authors show, return can come in the form of a noble king or a Caribbean immigrant, with the mystery of an art theft or a dying boy's dream.

Merlin's Secret Dec 10 2021 In 2019, Robert Hunt is a young man with no family, desperately in need of guidance. He gets in with a bad crowd, eventually part of a bank raid in London. Miraculously, before being arrested, Robert is saved by a ghost named Viviane: the mythical Lady of the Lake, who transports him to 600 AD, to the time of King Arthur. Robert begins as a helper in the kitchen of Camelot Castle, but due to his modern knowledge is quickly promoted and eventually becomes advisor to King Arthur. As Robert introduces things like cannons, gunpowder, and even early electricity, he is deemed a wizard and given the name Merlin. Although now a man of legend himself, Robert's journey is not over. Leaving behind King Arthur's court, Viviane transports Robert to 1200 AD to the time of Robin Hood, no more than a highwayman when they first meet. Robert helps turn Robin Hood into a hero, but at the same time, Robert is becoming a man with power and purpose. His journey is one of adventure, danger, death, and rebirth as a simple man travels back in time to shape the legends we know today while paving his own path to greatness.

Merlin: the Return Dec 22 2022 Merlin has returned to the land of Avalon after 1500 years absence. He has received a summons but doesn't know who called him back or for what purpose. The land is different from what he remembers from long ago, and so he decides to visit the town of modern-day Glastonbury to discover what life is like for its citizens. But already he is aware that there is some sinister force at work. Will this be his last visit to Earth? Is there one more battle to be fought against the Darkness? Will Merlin be able to work his magic and help Arthur to restore the glorious, fantastical city of Camelot to the physical land of Avalon? There are many questions that need answering and it will take patience and genius to solve the riddles. Still, it seems that Merlin is able to attract children with magical powers to assist him in his quest. Magic attracts like, and Merlin is called upon to teach the youngsters what he knows so that the old traditions can give way to the new. It is a time for magic to be wielded again; a time for dragons to be revealed; a time for miracles; a time for all to be reconciled and reunited. It is a time for powerful magic to be unleashed!

The Return of King Arthur May 15 2022 The revival of interest in Arthurian legend in the 19th century was a remarkable phenomenon, apparently at odds with the spirit of the age. Tennyson was widely criticised for his choice of a medieval topic; yet *The Idylls of the King* were accepted as the national epic, and a flood of lesser works was inspired by them, on both sides of the Atlantic. Elisabeth Brewer and Beverly Taylor survey the course of Arthurian literature from 1800 to the presentday, and give an account of all the major English and American contributions. Some of the works are well-known, but there are also a host of names which will be new to most readers, and some surprises, such as J. Comyns Carr's *King Arthur*, rightly ignored as a text, but a piece of theatrical history, for Sir Henry Irving played King Arthur, Ellen Terry was Guinevere, Arthur Sullivan wrote the music, and Burne-Jones designed the sets. The Arthurian works of the Pre-Raphaelites are

discussed at length, as are the poems of Edward Arlington Robinson, John Masefield and Charles Williams. Other writers have used the legends as part of a wider cultural consciousness: The Waste Land, David Jones's In Parenthesis and The Anathemata, and the echoes of Tristan and Iseult in Finnigan's Wake are discussed in this context. Novels on Arthurian themes are given their due place, from the satirical scenes of Thomas Love Peacock's The Misfortunes of Elphin and Mark Twain's A Connecticut Yankee at King Arthur's Court to T.H. White's serio-comic The Once and Future King and the many recent novelists who have turned away from the chivalric Arthur to depict him as a Dark Age ruler. The Return of King Arthur includes a bibliography of British and American creative writing relating to the Arthurian legends from 1800 to the present day.

Merlin's War Mar 13 2022 Merlin's War: The Battle between the Family of Light and the Family of Dark examines the fact that the history of the human race has been manipulated by a being so clever that we have had no idea he exists. In fact, he has hidden behind Lucifer—but Lucifer is not our devil. Much of what has been told to the human race has been designed to keep the truth at bay. Whose purpose did it serve to keep the human race unaware of its own origins and ignoring huge pieces of obvious evidence because there is no logical explanation for it? It certainly did not serve the human race. Merlin is thought of by most humans as a simple embodiment of the wizard. Merlin's War reveals that he is much more; he is a powerful Creator God who is responsible for creating the human template and seeding life on the Earth. Moreover, Dracula is thought of as a fictional vampire, when he is, in fact, the being we call Satan, responsible for creating war and chaos on Earth and in other galaxies. There are two points of view to this story, and in order to be

fair author Margaret Doner has agreed to tell both sides. Merlin's War posits that it is time for the playing field to be evened out. The Family of Dark has been in control for too long; it's time for the Family of Light to move beyond the fear that has kept them enslaved.

The Return of Merlin Nov 09 2021 The figure of Merlin has seen a revival in recent years,

especially in the form of cultural icons such as Obi wan Kenobi, Gandalf and Dumbledore. This fascinating new book looks at the two main Merlin traditions: the cosmic Merlin of the stars, part of the Arthurian legends; and the earthly Merlin of nature, grounded in human history. Gordon Strachan, author of Jesus the Master Builder, takes us on a compelling journey through Merlin's stories. He discovers a remarkable pattern: Merlin figures, and events relating to Merlin, reappear throughout British history in roughly 700-year cycles. He considers where else in history we can see this pattern emerging, and challenges readers to find their own links to history based on their birth dates.
