Blade Runner 2049: The Storyboards is the only book presenting all of the storyboards from the film. In 1982, film audiences experienced a bold new depiction of the future with the ground-breaking Blade Runner, which was fundamental in establishing the still-vibrant Cyberpunk movement. With the critically acclaimed Blade Runner 2049, director Denis Villeneuve further explored that unique "future noir" world, this time following a young blade runner whose discovery of a long-buried secret leads him to track down former blade runner Rick Deckard—the protagonist of the first film—who's been missing for some thirty years. Blade Runner 2049: The Storyboards is a celebration of the rarely-seen artwork that was key in building the harsh, yet strangely beautiful, environments in the film. This remarkable book presents a fresh look at Blade Runner 2049, including scenes that were later altered or cut out entirely, along with new, in-context commentary from storyboard artists Sam Hudecki and Darryl Henley throughout. Runner's World magazine aims to help runners achieve their personal health, fitness, and performance goals, and to inspire them with vivid, memorable storytelling. In A Runner's High, Karnazes chronicles his extraordinary adventures leading up to his return to the Western States 100-Mile Endurance Run in his mid-fifties after first completing the race decades ago. The Western States, infamous for its rugged terrain and extreme temperatures, becomes the most demanding competition of Karnazes's life, a physical and emotional reckoning and a battle to stay true to one's purpose. Confronting his age, his career path, and his life choices, we see Karnazes as we never have before. For Karnazes, the running experience is about the runner and the trail. What Zane doesn't know is that the volcano is a gateway to another world and he is at the center of a powerful prophecy. A new girl at school, Brooks, informs him that he's destined to release an evil god from the ancient Maya relic he is imprisoned in—unless she can find and remove it first. Together they return to the volcano, where all kinds of crazy happens. Brooks turns into a hawk, a demon attacks them in a cave, and Rosie gives her all while trying to protect Zane. When Zane decides to save his dog no matter the cost, he is thrust into an adventure full of surprising discoveries, dangerous secrets, and an all-out war between the gods, one of whom happens to be his father. To survive, Zane will have to become the Storm Runner. But how can he run when he can't even walk well without a cane?
